## LEGISLATIVE JOINT AUDITING COMMITTEE DIVISION OF LEGISLATIVE AUDIT

### INDEPENDENT AUDITOR'S REPORT

University of Arkansas, Fayetteville  
Legislative Joint Auditing Committee

We have audited the balance sheet of the University of Arkansas, Fayetteville, an Institution of Higher Education of the State of Arkansas, as of June 30, 2001 and the related statements of changes in fund balances and current funds revenues, expenditures, and other changes for the year then ended as listed in the table of contents. These financial statements are the responsibility of the University of Arkansas, Fayetteville's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the University of Arkansas, Fayetteville as of June 30, 2001 and changes in fund balances and the current funds revenues, expenditures, and other changes for the year then ended, in conformity with accounting principles generally accepted in the United States.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 12, 2001 on our consideration of the University of Arkansas, Fayetteville's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

## NOTES TO THE FINANCIAL STATEMENTS

### *(1). Summary of Significant Accounting Policies*

The financial statements for the University of Arkansas, Fayetteville (“the University”) for the fiscal year ended June 30, 2001, have been prepared in accordance with generally accepted accounting principles contained in *College and University Business Administration* published by the National Association of College and University Business Officers (NACUBO), as well as *Audits of Colleges and Universities* published by the American Institute of Certified Public Accountants (AICPA). The accompanying notes to the financial statements are an integral part of the financial statements. The statements are intended to provide a summary of the flow of financial resources of the University during the fiscal year and balances available for future use.

#### **Accrual Basis**

The financial statements of the University have been prepared on the accrual basis except for depreciation accounting for plant assets.

The Statement of Current Fund Revenues, Expenditures, and Other Changes is a statement of financial activities of current funds related to the current reporting period. It does not purport to present the results of operations or the net income or loss for the period as would a statement of income or a statement of earnings.

To the extent that current funds are used to finance plant assets, the amounts are accounted for as (1) expenditures, in the case of the normal replacement of movable equipment and library books; (2) mandatory transfers, in the case of required provisions for debt amortization and interest; and (3) transfers of a non-mandatory nature for all other cases.

#### **Fund Accounting**

Accounts are maintained in accordance with the principles of Fund Accounting. This is the procedure by which resources are classified for accounting and reporting purposes into funds that are in accordance with activities or objectives specified. Separate accounts are maintained for each fund. Within each group, fund balances restricted by outside sources are so indicated and are distinguished from unrestricted funds designated for specific purposes by the University.

#### **Current Funds**

The current funds group includes those economic resources of the institution which are expendable for any purpose in performing the primary objectives of the institution and which have not been designated by the University’s Board of Trustees for other purposes. The term “current” indicates that these resources are intended for use in the current fiscal period. Current fund balances are separated into those which are restricted by donors or grantors and those which are unrestricted.

#### **Loan Funds**

The loan funds group is used to account for loan programs available to students.

#### **Endowment and Similar Funds**

True endowment funds consist of gifts from donors or external entities. These funds are subject to the restrictions of the gift instrument requiring that the principal is not expendable and that it be invested in perpetuity. Depending on the terms of the gift, the income from the endowments may be expended or added to the principal of the fund. The endowment fund does not include the assets of the University of Arkansas Foundation, Inc., a separate non-profit entity. Term endowments are resources provided by gift or bequest, or by administrative action, with the understanding that the principal is to be maintained for a specific period of time or for a specific expenditure. Quasi endowments are funds designated by administrative action to function as endowments. Quasi endowments can be withdrawn by administrative action.

**UNIVERSITY OF ARKANSAS, FAYETTEVILLE**  
**NOTES TO THE FINANCIAL STATEMENTS**

Income derived from investment of endowments is reported as endowment income, except for income made available for expenditure in the current funds.

**Plant Funds**

The plant funds consist of (1) unexpended plant funds which are to be used for the construction or acquisition of physical properties for institutional purposes; (2) renewal and replacement plant funds which are to be expended for renewals and replacements of plant fund assets; (3) retirement of indebtedness plant funds which consist of funds set aside for debt service reserves and charges; and (4) investment in plant funds which are funds expended for and thus invested in institutional properties.

Physical properties are recorded at cost, or if by gift, at fair market value at date of acquisition. Present accounting principles do not require the depreciation of physical property values.

**Agency Funds**

Agency funds are used to account for assets held by the University as custodian or fiscal agent for others.

**Cash and Cash Equivalents**

The Balance Sheet classification "Cash and Cash Equivalents" includes all readily available sources of cash such as cash on hand, cash on deposit with financial institutions, cash on deposit with the State Treasurer and other state agencies, and highly liquid short term investments.

**Inventories**

Inventories are valued at cost with cost being generally determined on a first-in, first-out basis.

Inventories	June 30, 2001	June 30, 2000
University Press	\$ 280,079	\$ 393,018
COOP Warehouse	412,710	398,822

Residence Life	130,487	0
Museum Gift Shop	5,066	9,536
Total Inventories	\$ 2,184,961	\$ 2,106,070

**Accounts Receivable**

Unrestricted current fund accounts receivable are stated at estimated net realizable values; that is, the gross amount of the receivable is reduced by allowances for estimated uncollectible accounts. Unrestricted current fund receivables represent charges due the University from various student fees, room and board, student fines, and other charges. Unrestricted accounts receivable totaling \$1,033,966 were written off during the fiscal year ended June 30, 2001. Restricted current fund accounts receivable consist mainly of unreimbursed expenses relating to research contracts with federal, state, and private agencies.

**Due To and Due From Other Funds**

Interfund receivables and payables arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed.

**Encumbrances**

Encumbrances are defined as commitments related to unperformed contracts for goods or services. Encumbrances are not recorded in the accompanying financial statements.

## NOTES TO THE FINANCIAL STATEMENTS

### **Biennial Appropriated Budgets**

Biennial appropriated budgets are adopted for the state general fund. The fiscal year commences on July 1 and ends on June 30 of the following year. The biennial period commences on July 1 of each odd year following the adjournment of the regular sessions of the General Assembly, and ends on June 30 two years thereafter. An appropriation is construed to be available for the two year period following the legislative session in which it was approved. All appropriations lapse at the end of the second year of the biennium unless otherwise provided.

### **Plant Assets**

Plant assets consisting of land, buildings, furniture, fixtures, equipment, improvements, and construction in progress are stated at cost or fair market value at date of gift. Livestock is under the control of the Department of Animal Sciences and is maintained primarily for research purposes with any other benefits derived from the operations considered as incidental to the primary mission of the Department. The inventory value placed on the animals is determined by department heads utilizing current market prices and breeding and research intangibles.

### **Capitalization of Interest**

The University capitalizes interest involving qualifying assets. The amount of interest cost to be capitalized is interest cost on borrowings netted against any interest earned on temporary investments of the proceeds of those borrowings from the date of borrowing until the specified qualifying assets acquired with those borrowings are ready for their intended use.

### **Service Departments**

Service departments provide various specific services to institutional departments as well as individuals and concerns outside the University. The net of revenues and expenditures of the various service departments are reflected in the function which the operations support.

### **Memorandum Totals**

Total columns are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles.

### **Changes in Accounting Policy**

Statement No. 33 of the Governmental Accounting Standards Board (GASB) *Accounting and Financial Reporting for Nonexchange Transactions* became effective for periods beginning after June 15, 2000. This Statement establishes accounting and financial reporting standards for nonexchange transactions involving financial or capital resources. The principal issue addressed in this Statement is the *timing of recognition* of nonexchange transactions.

Governmental Accounting Standards Board (GASB) Statement No. 34 and Statement No. 35, which will become effective for public colleges and universities in FY02, requires that summer school revenues and expenditures be recognized in the fiscal period that revenues are earned and expended. Previously, summer school revenues and expenditures were recognized in the year in which summer school ended. In FY01, both 2000 summer school sessions and the first summer session of summer school 2001 were included. Therefore, three summer school sessions have been included in fiscal year 2001 as a result of this change.

### **(2). Reporting Entity**

The University of Arkansas, Fayetteville ("the University") was established at Fayetteville in 1871 under the provisions of the Morrill Act as both a state university and the land-grant college of Arkansas. The University of Arkansas, Fayetteville includes the Division of Agriculture, the Cooperative Extension Service, Arkansas Archeological Survey, and the Criminal Justice Institute as well as the academic units. The academic units in Fayetteville include eight colleges and schools: the Dale Bumpers College of Agricultural, Food, and Life Sciences, the School of Architecture, the J. William Fulbright College of Arts and Sciences, the Sam M. Walton College of Business, the College of Education and Health Professions,

**UNIVERSITY OF ARKANSAS, FAYETTEVILLE**  
**NOTES TO THE FINANCIAL STATEMENTS**

the College of Engineering, the School of Law, and the Graduate School. The University is one of eight campuses of the University of Arkansas System. The governing body is the Board of Trustees which is comprised of ten members.

**(3). *Compensated Absences***

Employees accrue and accumulate annual and sick leave in accordance with policies established by the Board of Trustees. Full time, non-classified, University employees accrue annual leave at the rate of fifteen hours per month, classified employees at variable rates (from 8 to 15 hours per month) dependent upon number of years of employment in state government. Under the University's policy, an employee may carry accrued leave forward from one calendar year to another, up to a maximum of 240 hours (30 working days). Employees who terminate their employment are entitled to payment for all accumulated annual leave, up to the maximum allowed.

The University recognizes a liability for compensated absences. The liability is based on the value of unused employee vacation and compensatory time as of year-end, including the associated benefits: contributions to Retirement, Social Security, Medicare, Workers' Compensation, and Unemployment Insurance.

It is the policy of the University to recognize the cost of sick leave when paid. Employees who leave University employment are not entitled to be paid for accrued sick leave. Therefore no liability is shown in the financial statements for accrued sick leave.

**(4). *Cash Deposits and Investments***

The University uses commercial banks for its depositories. Deposits with commercial banks are insured by the Federal Deposit Insurance Corporation (FDIC). Any deposits not covered by FDIC are secured with collateral held by a third party financial institution (normally Federal Reserve, St. Louis branch).

**Cash at June 30, 2001**

Cash deposits are carried at cost. The University's cash deposits at year end are shown below:

	Carrying Value	Bank Balance
Insured (FDIC)	\$ 447,595	\$ 527,050
Uninsured, Collateralized	6,171,214	7,086,418
Uninsured, Uncollateralized	0	0
Total Deposits	\$ 6,618,809	\$ 7,613,468

The University of Arkansas System Administration (System Administration) does not maintain separate bank accounts. System Administration deposits are commingled in University of Arkansas, Fayetteville bank accounts. The carrying value of the System Administration funds was \$1,989,003 at June 30, 2001.

The above deposit schedule does not include cash on hand in various imprest funds maintained by the University in the amount of \$45,845 or cash equivalents in the amount of \$48,843,450. The cash equivalents are short term investments held in highly liquid accounts with the funds available on a daily basis.

Cash balances in excess of current requirements are pooled and invested in short and intermediate term securities. Cash from the various funds is effectively transferred to the Current Unrestricted Fund (except where prohibited by legal or contractual provisions) to make these investments. Income earned on these investments is recognized in the Current Unrestricted Fund. A portion of the investment income is subsequently transferred to other funds at management's direction or where required by legal or contractual provisions, i.e. federal funds. Investments are periodically allocated to the various funds for reporting purposes.

**UNIVERSITY OF ARKANSAS, FAYETTEVILLE**  
**NOTES TO THE FINANCIAL STATEMENTS**

**Investments at June 30, 2001**

During the year ended June 30, 1997, the University of Arkansas System and the University of Arkansas Foundation established and began using an external investment pool. This external investment pool is not SEC-registered. The University of Arkansas Board of Trustees is the sponsor of this investment pool and is responsible for operation and oversight for the pool. The University's participation in this investment pool is voluntary.

The activities during fiscal year 2001 affecting the University's investments in the external pool are as follows:

	Total Return Pool	Short Intermediate Pool	Totals	Percent
June 30, 2000 Balances	\$ 66,713,042	\$ 94,545,716	\$ 161,258,758	
Income	\$ 1,765,175	\$ 5,859,839	\$ 7,625,014	5.87%

Expenses Paid from Pool	(295,770)	(249,714)	(545,484)	-0.18%
Transfers In/(Out) of Pool	(12,122,282)	(19,200,000)	(31,322,282)	
June 30, 2001 Balances	\$ 52,983,263	\$ 83,108,415	\$ 136,091,678	

Investments are stated at fair value. Fair value for reporting purposes is market value if a market price or quote is readily available. Investments that do not have readily available market prices or quotes are reported at cost or amortized cost. In fiscal 2001, all investments were reported at fair value.

The University's investments at year-end are shown below, by category, to give an indication of the level of risk assumed by the University. Category 1 includes investments that are insured or registered or for which the University or its agent in the University's name holds the securities. Category 2 includes uninsured and unregistered investments for which the broker's or dealer's trust department or agent in the University's name holds the securities. A Category 3 investment would include uninsured and unregistered investments for which the securities are held by the broker or dealer, or by its trust department or agent, but not in the University's name. The University has no Category 3 investments.

**UNIVERSITY OF ARKANSAS, FAYETTEVILLE**  
**NOTES TO THE FINANCIAL STATEMENTS**

**Endowment Funds at June 30, 2001**

Assets of endowed funds, except where donor restrictions prohibit commingling of investments, are pooled on a fair value basis, with each fund subscribing or disposing of units on the basis of the unit fair value. The unit fair value is recalculated each month. The following summarizes the relationship between the pooled assets and their earnings at June 30, 2001 and June 30, 2000.

	2001	2000
Fair Value @ June 30	\$ 53,392,606	\$ 61,830,070
Number of Units in Pool @ June 30	1,557,936	1,807,671

Income Earned per Unit	1.16	0.62
Total per Unit	\$ (0.84)	\$ 1.81

In fiscal year 1999, the Walton family requested that all their donated funds be consolidated in the University of Arkansas Foundation. As a result of their request, in July 2000 \$13.3 million was transferred from the University's endowed funds to the University of Arkansas Foundation.

**(5). Loan Funds**

Loan funds consist of resources made available for financial loans to students of the University. These resources include federal funds, funds from other external sources, and University funds. For the year ended June 30, 2001, new student loans totaling \$1,718,328 were issued under the Student Loan Programs. Of total campus-based loans processed, the majority were from Perkins funds provided by the federal government. The federal student loan default rate for the year ended June 30, 2001, was 6.33% based on the U.S. Department of Education Cohort default rate.

**(6). Income Taxes**

The University is tax exempt from federal income taxes except for tax on unrelated business income. The University had no significant unrelated business income for the year ended June 30, 2001. It is also exempt from state income taxes under Arkansas law. Accordingly, no provision for income taxes is made in the financial statements.

**(7). Long Term Debt**

Debt service payments on existing bonds amounted to \$8,570,025 for the fiscal year ended June 30, 2001. The amount of \$694,918 was expended for principal and interest on notes payable and capital leases for the same period.

The retirement of some bond issues is secured by a specific pledge of certain gross revenues, surplus revenues and specific fees. Debt service accounts are funded at various times during the year by transfers from the applicable funds.

\* In addition, there will be interest payments made on two Notes Payable that will be calculated using floating interest rates. One will use interest rates ranging from 2.5% to 4.7% from the fiscal years ending June 30, 2002 through June 30, 2020. The second will be calculated using a floating rate equal to the amount earned on non-endowed investments known as the short-term intermediate pool from the fiscal years ending June 30, 2003 through June 30, 2022.

**UNIVERSITY OF ARKANSAS, FAYETTEVILLE**  
**NOTES TO THE FINANCIAL STATEMENTS**

On November 1, 1997, the University issued \$19,170,000 in bonds with an average interest rate of 4.82 percent to advance refund \$17,825,000 of outstanding Athletic Facilities Revenue Bonds Series 1991 with an average interest rate of 6.55 percent. The net proceeds of \$18.9 million (after payment of \$243,473 in underwriting fees, insurance, and other issuance costs) plus an additional \$1,024,372 of 1991 sinking fund monies were used to purchase U.S. government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments of the 1991 Series bonds. As a result, the 1991 Series bonds are considered defeased. The liability for those bonds has been removed from the Investment in Plant Fund. The University advance refunded the 1991 Series bonds to reduce its total debt service payments over the next 15 years by \$1,558,118 and to obtain economic gain (difference between the present value of the debt service payments on the old and new debt) of \$901,333. Regularly scheduled interest and principal payments on the 1991 issue were made on March 15, 1998 and will continue through September 15, 2001 from the escrow fund. All outstanding Series 1991 Bonds will be redeemed on September 15, 2001 at a price equal to 100% of the principal amount plus interest accrued thereon.

As of June 30, 2001, the remaining balance of the Athletic Facilities Revenue Bonds Series 1991 was \$15,315,000

**(9). Employee Benefits**

A. Retirement Benefits

The University offers employees the option of participating in either the Optional Retirement Program (ORP) which includes Teachers Insurance Annuity Association—College Retirements Equities Fund (TIAA-CREF) and Fidelity Investments or the Arkansas Public Employee Retirement System (APERS). The Arkansas Teacher Retirement System (ATRS) is available only to employees who come to work for the University that have a previous record with ATRS. APERS and ATRS are both defined benefit plans.

The ORP is a defined contribution plan. The plan is a 403(b) program as defined by the Internal Revenue Service Code of 1986 as amended, and is administered by the President of the University or his delegate. Contributions to Fidelity Investments shall be applied either to individual annuities issued under a Metropolitan Life Guaranteed Account and/or one or more mutual fund custodian accounts managed by Fidelity Investments. Contributions to TIAA-CREF can be allocated among their various annuity accounts. Arkansas Code Annotated authorizes participation in the plan.

Participants in the University's plan can choose to be contributory or non-contributory. The University automatically contributes 5% of an employee's regular salary to TIAA-CREF and/or Fidelity Investments retirement account, allocated between the two companies according to the employee's choice. For any contributions an employee makes in excess of 5% regular salary, the University makes an equal contribution, up to a maximum University contribution of 10% of regular salary. Employee contributions in excess of 10% are allowed by the plans in accordance with Internal Revenue Service regulations but the University does not match these additional contributions. All benefits attributable to plan contributions made by both the University and the participant are immediately vested in the participant for all faculty members and non-classified employees and all classified employees whose initial employment occurred prior to January 1, 1985, and who made any plan contributions prior to that date. For all other classified employees, vesting of benefits attributable to plan contributions made by the University shall occur on the earlier of completion of three years of service, or attainment of age 65, or the participant's having made plan contributions of at least five percent of regular salary for six consecutive months. The University's and participants' TIAA-CREF contributions for the year ending June 30, 2001 were \$11,385,167 and \$10,539,993 respectively. The University's and participants' Fidelity Investments contributions for the year ending June 30, 2001 were \$2,025,823 and \$1,907,929 respectively.

## **UNIVERSITY OF ARKANSAS, FAYETTEVILLE**

### **NOTES TO THE FINANCIAL STATEMENTS**

APERS is a cost-sharing multiple employer defined benefit plan administered by the State of Arkansas. The University contributes 10% of applicable wages to the plan. The University's and participants' contributions for the year ending June 30, 2001 were \$104,072 and \$0 respectively.

ATRS is a cost-sharing multiple employer defined benefit pension plan. The University contributes 12% of all covered employees' salaries. Under certain conditions covered employees may voluntarily contribute 6% of his/her salary. The University's and participants' contributions for the year ending June 30, 2001 were \$53,502 and \$21,749 respectively.

The University's and participants' contributions to all other pension plans for the year ended June 30, 2001 were \$825,047 and \$635,614 respectively.

#### **B. Self-Insurance Plans**

The University of Arkansas System sponsors self-funded health and dental benefit plans for University employees and their eligible dependents. The Fayetteville, Medical Sciences, Little Rock, Pine Bluff and Monticello campuses, state-wide operating units of the Arkansas Archeological Survey and Division of Agriculture, System Administration, Criminal Justice Institute and the University of Arkansas Foundation participate in the health insurance program which is administered by the System Administration; operations of the plans are recorded in the separate financial statements of the System Administration. Participation in the self-funded dental plan is limited to employees of the Medical Sciences, Monticello, Pine Bluff, and Little Rock campuses, System Administration and Criminal Justice Institute.

At year end, a total of 3,989 active employees, former employees, and retirees were participants in the health plan. The University pays 62.264% for the Point of Service Plan and 72.760% for the Classic Plan for Fayetteville. For the Division of Agriculture, Arkansas Archeological Survey and Criminal Justice Institute the University pays 70.040% for the Classic Plan. The University pays 72% of the health plan for federal employees.

#### **C. Life Insurance Plan**

The University of Arkansas System's life insurance carrier is Teachers Insurance and Annuity Association (TIAA). The funding arrangement for the University's life insurance plan is a minimum premium arrangement whereby the University's monthly life insurance premium is based on the actual loss experience of the previous month, plus fixed monthly retention and contingency reserve charges. The difference between the actual loss experience and the total premium collected is held by the University of Arkansas System and is recorded in its current unrestricted fund. Any surplus that may develop can be called by TIAA in the event of unfavorable life experience.

Expenditures for all employee benefits are included as expenditures within the appropriate functional area.

**(14). Contingencies**

The University has been named as defendant in several lawsuits. It is the opinion of management and its legal counsel that the ultimate outcome of litigation will not have a material effect on the future operations or financial position of the University.

**(15). GASB Statement 35**

In November 1999, the Governmental Accounting Standards Board (GASB) issued Statement 35, *Basic Financial Statements – and Management’s Discussion and Analysis – for Public Colleges and Universities – an amendment of GASB Statement 34*. As a component unit of the state government, the University of Arkansas will implement GASB Statement 34/35 at the same time as the state government on June 30, 2002.

**UNIVERSITY OF ARKANSAS, FAYETTEVILLE**  
**NOTES TO THE FINANCIAL STATEMENTS**

Under the provisions of the GASB standards, the University of Arkansas is permitted to report as a special-purpose government engaged in business-type activities (BTA). Fund financial statements are not required for BTA reporting.

Statement 34/35 will also require the institution to retroactively and prospectively report all capital assets, net of accumulated depreciation in the statement of net assets, and report depreciation expense in the statement of revenues, expenses, and changes in net assets. Retroactive reporting of capital assets will require a prior period adjustment to net assets.

***(16). Deficit Fund Balance***

The deficit fund balance of \$456,700 in the Unexpended Plant Fund was the result of unfunded expenditures relating to a construction project. Funding is expected to be available in the fiscal year ending June 30, 2002.
