LEGISLATIVE JOINT AUDITING COMMITTEE DIVISION OF LEGISLATIVE AUDIT

University of Arkansas, Fayetteville
Legislative Joint Auditing Committee

We have audited the accompanying basic financial statements of the University of Arkansas, Fayetteville (Institution), an Institution of Higher Education of the State of Arkansas, as of and for the year ended June 30, 2006, as listed in the table of contents. These financial statements are the responsibility of the Institution's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the University of Arkansas Fayetteville Campus Foundation, Inc., The Razorback Foundation, Inc., and the Arkansas 4-H Foundation, Inc., which represent 100% of the assets, net assets, and revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the University of Arkansas Fayetteville Campus Foundation, Inc., The Razorback Foundation, Inc., and the Arkansas 4-H Foundation, Inc., is based on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the University of Arkansas Fayetteville Campus Foundation, Inc., The Razorback Foundation, Inc., and the Arkansas 4-H Foundation, Inc. were not audited in accordance with Government Auditing Standards. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the University of Arkansas, Fayetteville and of its aggregate discretely presented component units as of June 30, 2006, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis is not a required part of the basic financial statements, but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Overview of the Financial Report

The financial report of the University of Arkansas, Fayetteville consists of: Management's Discussion and Analysis, Statement of Net Assets, Statement of Revenues, Expenses, and Changes in Net Assets, Statement of Cash Flows, Component Units Statements, and Notes to the Financial Statements.

This report provides short-term and long-term information on the University of Arkansas, Fayetteville. Management prepared this discussion and analysis, the financial statements, and the related footnote disclosures.

This financial report has been prepared using the accrual basis of accounting, which is consistent with the accounting method used by private-sector entities. All of the current year's revenues and expenses are recognized when earned or incurred, regardless of when cash is received or paid.

This portion of the University's Financial Report, Management's Discussion and Analysis, provides an overview of and is limited to the financial activities for the year ended June 30, 2006. Information included for the prior year is provided for purposes of comparison and any analysis of the prior year amounts should be done using the complete financial statements for the prior year.

Financial Highlights

Overall, the University's revenues, expenditures, and net assets grew at a healthy rate during the fiscal year ended June 30, 2006. Operating revenues increased by 10.2% in fiscal year 2006 over fiscal year 2005. Operating expenses increased by 9.4% and total net assets grew by 7.6%

The University has identified three foundations as component units. The foundations determined to be component units are: the University of Arkansas Fayetteville Campus Foundation, Inc., the Razorback Foundation, Inc., and the Arkansas 4-H Foundation, Inc. As component units, their financial information is included in our financial report in accordance with GASB Statement No. 39, *Determining Whether Certain Organizations Are Component Units*. Additional information concerning this reporting requirement is provided in Note 1 "Summary of Significant Accounting Policies", under "Component Units" in the Notes to the Financial Statements.

Note 16 to the Financial Statements refers to the University of Arkansas Foundation, Inc., (the Foundation). The University is the beneficiary of only 59.2% of the nets assets of the Foundation; therefore the Foundation does not meet the requirements of a component unit.

Statement of Net Assets

The Statement of Net Assets reports all financial and capital resources of the University. This statement is presented such that assets less liabilities equal net assets. Assets and liabilities are presented in the order of their relative liquidity. In addition, assets and liabilities are reported as current and noncurrent. Current assets are those assets that can be realized, with relative ease, such as cash, in the coming year. Current liabilities are expected to be paid within the next year. Noncurrent assets and liabilities are not expected to be realized as cash or paid in the subsequent year.

Net Assets are presented in four categories: Invested in Capital Assets, Restricted and Nonexpendable, Restricted and Expendable, and Unrestricted Net Assets. Net Assets Invested in Capital Assets are reported net of both depreciation and related debt. Restricted and Nonexpendable Net Assets are required to be retained in perpetuity (endowments). Restricted and Expendable Net Assets have constraints placed on their use by external entities (grantors, contractors, and capital appropriations). Unrestricted Net Assets consist of all other net assets that do not meet the definition of Invested in Capital Assets or Restricted Net Assets and are available for management to use as deemed appropriate.

The following summarizes the University's assets, liabilities, and net assets as of June 30, 2006, and June 30, 2005:

Assets	As of June 30, 2006	As of June 30, 2005
Current Assets	\$ 74,564,373	\$ 138,590,677
Capital Assets, net of depreciation	632,780,417	540,660,319
Other Noncurrent Assets	248,659,572	154,473,888
Total Assets	\$ 956,004,362	\$ 833,724,884
 Liabilities		
Current Liabilities	\$ 66,935,473	\$ 51,294,240
Noncurrent Liabilities	333,833,882	266,546,506
Total Liabilities	\$ 400,769,355	\$ 317,840,746
 Net Assets		
Invested in Capital Assets, net of related debt	\$ 380,440,851	\$ 330,465,771
Restricted – Nonexpendable	16,597,898	17,551,711
Restricted – Expendable	67,918,608	65,557,639
Unrestricted	90,277,650	102,309,017
Total Net Assets	\$ 555,235,007	\$ 515,884,138

The overall decrease in Current Assets is almost entirely the result of the reclassification of deposits with bond trustees. Management determined that these deposits should be

classified as Noncurrent Assets since they are to be used for the purchase or construction of capital assets. The balance of cash and cash equivalents decreased by \$3,759,648 from June 30, 2005 to June 30, 2006 due in large part to timing issues, and management's policy of maximizing investment holdings and minimizing idle cash on hand. Other changes in the items included in Current Assets are insignificant.

The increase in Capital Assets, net of depreciation, is the result of the University acquiring capital assets at a rate greater than these assets are disposed of or depreciated. The section "Significant Changes in Capital Assets and Long Term Debt Activity" below and Note 12 "Property, Plant and Equipment" in the Notes to Financial Statements provide additional detail concerning these assets.

The increase in Other Noncurrent Assets of \$94,185,684 can be explained by the University's issuance of \$75,625,000 of new bonds during fiscal year 2006, and the reclassification of remaining deposits with trustees from prior bond issues. At June 30, 2006, there was approximately \$65,000,000 of proceeds from the Series 2006 bonds remaining and approximately \$22,000,000 of prior bond issue proceeds reclassified from Current Assets to Noncurrent Assets. Overall long-term investments increased by \$7,596,538, or 5.4%, due in large part to the reasons mentioned above explaining the decrease in the balance of cash and cash equivalents. There were no significant changes in Other Non-Current Assets.

Current Liabilities are up by \$15,641,233. One reason for this increase relates to an increase of \$6,771,385 in accounts payable and accrued liabilities relating to major construction projects in progress at June 30, 2006. Also, deferred revenue increased by \$5,732,209 due mainly to an increase in the value of football ticket sales for the Fall 2006 season. Other current liabilities were virtually unchanged.

Noncurrent Liabilities are up as the result of the assumption of additional long-term debt in the form of new bonds issued during the year. There were no significant changes in the other items that comprise these liabilities.

Net Assets Invested in Capital Assets is reported net of both depreciation and of related debt. Like Capital Assets discussed above, additional information concerning Net Assets Invested in Capital Assets is provided in the section "Significant Changes in Capital Assets and Long Term Debt Activity" below and Note 12, "Property, Plant and Equipment," of the Notes to Financial Statements. The increase in Net Assets Invested in Capital Assets is the result of the University acquiring these assets from non-debt sources at a rate greater than these assets are being disposed of or depreciated (used).

Net Assets Restricted – Nonexpendable are also known as endowment fund assets. The decrease in Net Assets Restricted – Nonexpendable is the result of a variety of factors and cannot be attributed to any specific circumstances. The increase in Net Assets Restricted – Expendable is due primarily to an increase in the amount of funds restricted for research expenses of \$6,431,782, and an increase in the amount restricted for debt service of \$1,155,290, coupled with decreases in the amounts restricted for capital

projects of \$4,924,461 and for institutional department uses of \$1,977,705. Net Assets Restricted – Expendable for research increased due to an increase in research activity and the related increase in the amount of unreimbursed research expenses. The increase in the amount of Net Assets Restricted for debt service was due to an amount set aside from the proceeds from the newly issued various facilities revenue bonds for capitalized interest. Decreases in the amounts restricted for capital projects and for institutional department uses are a result of management decisions to increase the amount of capital project construction, and to fund additional programs.

The University of Arkansas, Fayetteville Campus is responsible for the decrease in Unrestricted Net Assets. All of the other units of the University of Arkansas Fund had increases in Unrestricted Net Assets or experienced only minor decreases. The Fayetteville Campus has intentionally spent unrestricted funds at a rate greater than the revenues realized as a policy of requiring more effective use of funds on a timely basis. Unrestricted Net Assets are owned by the units of the University of Arkansas Fund as follows:

	As of June 30, 2006	As of June 30, 2005
Fayetteville Campus	\$ 57,910,290	\$ 70,174,126
Agricultural Experiment Station	19,533,755	21,380,401
Cooperative Extension Service	9,880,408	8,368,759
Arkansas Archeological Survey	146,171	198,697
Criminal Justice Institute	1,985,501	1,823,884
Clinton School of Public Service	821,525	363,150
Total Unrestricted Net Assets	\$ 90,277,650	\$ 102,309,017

The Unrestricted Net Assets for the Fayetteville Campus are allocated as follows:

	As of June 30, 2006	As of June 30, 2005
Working Capital	\$ 750,000	\$ 750,000
E & G Department Uses	5,556,798	17,324,380
Service Operations	2,545,725	2,494,944
Auxiliaries	6,730,959	3,742,523
Plant Funds	23,397,713	28,316,777
Quasi-Endowment Funds	18,929,095	17,545,502
Total Fayetteville Campus Unrestricted Net Assets	\$ 57,910,290	\$ 70,174,126

In Plant Funds, \$18,554,874 is allocated to a non-mandatory bond sinking fund. The University is authorized to issue bonds for capital expenditures with the interest paid on the bonds exempt from federal and state income taxes (tax exempt municipal bonds) for the bond buyers. The University also has the authority to invest unrestricted net assets any way deemed appropriate. This non-mandatory bond sinking fund is the accumulation of assets resulting from the University having budgeted or accumulated funds for capital

expenditures, but instead borrowed with tax-exempt bonds for these expenditures, and invested the accumulated funds. In this process, the University realizes investment income in excess of interest expenses for the difference between the yield for taxable corporate or government bonds and tax-exempt municipal bonds. This bond sinking fund is used to pay the principal amounts due on these bonds. Reducing the Fayetteville Campus net assets by this non-mandatory bond sinking fund leaves Unrestricted net assets of \$39,355,416.

Statement of Revenues, Expenses, and Changes in Net Assets

The Statement of Revenues, Expenses, and Changes in Net Assets is the operating statement for the University and provides an Operating income (loss) amount. The Operating Loss of \$250,410,414 is of little significance for the University of Arkansas, Fayetteville since accounting standards require a significant portion of our revenues (State appropriations, gifts, investment income, and some grants and contracts) to be reported as Nonoperating revenue.

Two other numbers on this operating statement, Loss before other revenues and changes in net assets of (\$4,262,843), and Increase in net assets of \$39,350,869 are much more useful indicators of the University's financial health and management's effectiveness. Increases in these numbers over time indicate the University's financial health is improving, though campus needs may not be met and may have long term negative consequences. Conversely, decreases in these numbers over time indicate deteriorating financial health, while additional campus needs are met as operational investments in the future of the campus. In addition to these financial indicators, other indicators such as enrollment, ability to acquire competitive research grants, and the condition of University facilities should be considered when assessing the University's health and vigor.

Total Net Assets for the University increased by \$39,350,869 or 7.63%. The following summarizes the University's operating statement:

	Fiscal 2006	Fiscal 2005
	Total	Total
Operating Revenues	\$ 261,667,177	\$ 237,355,526
Operating Expenses	512,077,591	467,936,401
Operating income (loss)	(250,410,414)	(230,580,875)
Net nonoperating revenues (expenses)	246,147,571	225,009,652
Income (loss) before other revenues and changes in net assets	(4,262,843)	(5,571,223)
Other revenues and changes in net assets	43,613,712	21,493,582
Increase (decrease) in Net Assets	\$ 39,350,869	\$ 15,922,359

Operating Revenues increased by \$24,311,651. This is comprised of increases in Student tuition and fees of \$11,096,564; Federal appropriations of \$2,121,925; Nongovernmental grants and contracts of \$5,033,805; Sales and Services of Educational Departments of

\$1,859,821; Residence life of \$2,903,499; Bookstore of \$2,306,633 and a net decrease in other items of \$1,010,596.

The increase in Student tuition and fees is the result of increases in the rates charged for tuition and fees and an increase in enrollment. Other Operating Revenues includes activities such as conferences, workshops, and beverage pouring rights. Sales and services of educational departments are revenues generated and retained by academic departments. These entrepreneurial activities are encouraged and generate needed funds for these departments. The increase in Residence life is the result of the income from the newly completed 600 bed Northwest Quad Residence Hall, as well as increases in the rates charged and an increase in occupancy in the other residence halls.

Operating Expenses increased by \$44,141,190 or 9.43%. Salaries, wages, and benefits increased \$21,170,185 or 7.56%, as the result of salary and fringe benefit increases. Scholarships and fellowships increased \$4,023,669 or 20.79%. This increase is a result of growth in the amount of nonresident undergraduate tuition scholarships. Supplies and other services increased \$13,819,798 or 10.67%. This was a general increase in all areas with no particular commodity or department affected in a significant way. Depreciation increased \$5,127,538 or 13.19% and is directly related to the increase in Capital Assets acquired from bond proceeds and other sources.

Net nonoperating Revenues (Expenses) increased by \$21,137,919 or 9.39%. Offsetting increases and decreases of the individual lines within this section of the report comprise this amount as follows: State Appropriations are up \$11,238,569 or 6.94%; Gifts increased by \$9,505,615 or 31.26%; Investment income was down by \$597,524 or 5.96%; Interest on capital asset-related debt is up by \$3,000,017 or 55.42%; Federal, State & Local, and Non-governmental grants (nonexchange) increased by \$4,273,418 or 17%; Other nonoperating revenues are up by \$573,405; and Loss on disposal of assets increased by \$855,547.

The reported gift information above is not a good indicator of the University's ability to obtain gifts. Most gifts for the benefit of the University are made to the University of Arkansas Foundation, Inc. whose financial information is presented in summary form in Note 16 "Other Entity" in the Notes to the Financial Statements. The decrease in investment income is the result of generally lower cash balances available for investing activity at times throughout the year due to increased demands in capital projects and other program uses. Also, due to continued progress on the capital projects being financed with bond proceeds, there were decreasing balances of bond proceeds on deposit with bond trustee thereby resulting in lower investment earnings. The increase in interest on capital asset-related debt is directly related to the increase in capital debt over the last several years. The increase in grants activity is the result of increases in grants received by the University.

In Other Revenues and Changes in Net Assets, Capital grants and gifts were up \$16,075,316. There was also a change in the accounting estimates of the useful lives of certain classes of equipment that resulted in an adjustment made to accumulated

depreciation for those classes of equipment. This change resulted in an increase in net assets of \$5,184,052. This change is further explained in Note 18 of the Notes to the Financial Statements.

Statement of Cash Flows

The purpose of the Statement of Cash Flows is to provide information about the cash receipts and disbursements of the University for the year. This statement may aid in the assessment of the University's ability to meet obligations as they become due, the need for external financing, and the ability to generate future cash flow. This Statement of Cash Flows is prepared using the "direct method" as required by the Governmental Accounting Standards Board.

Similar to Operating income (loss) on the Statement of Revenues, Expenses, and Changes in Net Assets, Net cash provided (used) by operating activities is of little significance to the University of Arkansas, Fayetteville because accounting standards require significant sources of cash to be reported as Nonoperating Financing. Net cash provided by operating activities and noncapital financing activities is a much more meaningful number for the University of Arkansas, Fayetteville.

The following summarizes the University's cash flows:

	Fiscal Year 2006	Fiscal Year 2005
Cash flows from operating activities	\$ (198,354,074)	\$ (188,893,866)
Cash flows from noncapital financing activities	243,828,428	217,023,449
Net cash provided (used) by operating and noncapital financing activities	45,474,354	28,129,583
Cash flows from capital financing activities	(52,732,262)	(44,868,630)
Cash flows from investing activities	3,498,260	12,993,035
Net increase (decrease) in cash for the year	\$ (3,759,648)	\$ (3,746,012)

Cash flows from operating activities show a decrease in the use of cash of \$9,460,208. The largest sources of operating activity cash continue to be student tuition and fees, grants and contracts and athletics. The largest uses of operating cash continue to be payments to employees, payments to suppliers, payments for benefits, and payments for scholarships and fellowships.

Cash flows from noncapital financing activities increased by \$26,804,979. State appropriations, gifts and grants for other than capital purposes, and federal, state and local and nongovernmental grants (nonexchange) contributed to this increase with no changes of significance in the other items included in this amount.

The significant activity related to Cash flows from capital financing activities is the result of ongoing construction projects using the proceeds from the sale of bonds in the current

and prior years, and the payment of regularly scheduled debt service payments. The balance of this activity is not significant.

Cash flows from investing activities show the net liquidation of investments to support the operating and capital expenses.

Significant Changes in Capital Assets and Long-Term Debt Activity

In FY 06, the University of Arkansas, Fayetteville issued new bonds for construction in the total amount of \$75,625,000. In addition, in FY 06, the University issued bonds for the purpose of refunding portions of existing bond issues in the amount of \$9,645,000. The amount of prior year bonds refinanced totaled \$9,520,000 resulting in a deferred loss on refinancing of \$125,000, which will be amortized over the life of the refinancing bonds. A summary of long-term debt (including the current portion) activity is as follows:

	<u>Bonds</u>	<u>Notes</u>	<u>Installment Contracts and Leases</u>
Balance as of July 1, 2005	\$ 256,264,760	\$ 5,610,587	\$ 1,005,067
Additions, net of deferred loss Refinanced	85,145,000 (9,520,000)		756,527
Payments of principal	(8,783,000)	(300,488)	(747,049)
Amortization of Deferred Loss	317,289		
Balance as of June 30, 2006	\$ 323,424,049	\$ 5,310,099	\$ 1,014,545

Note 9 in the Notes to the Financial Statements provides additional information related to the University’s long-term debt.

A summary of the change in Net Assets invested in capital assets, net of depreciation and net of related debt is as follows:

Net Assets Invested in capital assets, net of related debt and depreciation as of June 30, 2005	\$ 330,465,771
Land Additions and Disposals (net)	3,676,040
Buildings Additions and Disposals, net of depreciation	39,382,251
Improvements/Infrastructure Additions, net of depreciation	2,676,872

Net Assets Invested in capital assets, net of related debt and depreciation as of June 30, 2006	\$ 380,440,851

Conditions and other factors having a significant effect

The University's outlook is closely related to its role as the flagship university for the state and the only major non-medical research university in the state. The University is largely dependent on the ongoing financial and political support from state government. A rational funding formula approach was adopted by the Arkansas General Assembly in the 2005 session.

During the fiscal year ended June 30, 2006, the total general revenue distribution from the State of Arkansas, including distributions from the Educational Excellence Trust Fund totaled \$168,270,941. This is an increase of \$10,234,153, or 6.48% over the distribution for fiscal year 2005.

The estimated total general revenue distribution from the State for the fiscal year ended June 30, 2007, is \$179,015,689. This is an expected increase of \$10,744,748, or 6.39%.

The University is also dependent on its ability to recruit and retain high quality students. Preliminary numbers for Fall 2006 indicate that enrollment is 17,929, an all-time record high enrollment, and an increase of .61% over the fall 2005 enrollment. Undergraduate enrollment is up 0.5%, Graduate enrollment is up 1.6% and Law School enrollment is down 3.4%. The total number of degree-seeking freshmen was 2,784, the largest

freshmen class since a concerted enrollment growth effort began in 1998. While management is encouraged to see record enrollment, undergraduate enrollment needs further increases to ensure continued increases in the revenue generated by tuition and to ensure continued support from state government.

The condition of the University's capital assets is another important consideration. An estimate of the deficiencies of the Educational and General facilities of the University has been made to provide the necessary data to develop an optimized facility renewal plan. All systems in all facilities were evaluated by a team of trained engineers/architects and assigned scores with 1 being poor condition, 2 being adequate condition, and 3 being target condition. The gross square footage weighted average for all Educational and General facilities was 1.58 for the year ended June 30, 2002. An effective method of assessing the management of these assets is to track the average facility score over time. The University's Facilities Management Department expects to update this facility assessment on a rolling basis addressing all facilities on a five year cycle.

UNIVERSITY OF ARKANSAS, FAYETTEVILLE
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2006

(1). Summary of Significant Accounting Policies

The financial statements for the University of Arkansas, Fayetteville (“the University”) for the fiscal year ended June 30, 2006, have been prepared in accordance with generally accepted accounting principles accepted in the United States of America, as prescribed by the Governmental Accounting Standards Board (GASB).

During 2002, the University adopted GASB Statement No. 34, *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments* and GASB Statement No. 35, *Basic Financial Statements – and Management’s Discussion and Analysis – for Public Colleges and Universities*, as amended by GASB Statements No. 37 and No. 38, and applied those standards on a retroactive basis. GASB Statement No. 35 establishes standards for external financial reporting for public colleges and universities and requires that resources be classified for accounting and reporting purposes into the following four net asset categories:

- Invested in capital assets, net of related debt: Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction or improvement of those assets.
- Restricted:
 - Nonexpendable – Net assets subject to externally-imposed stipulations that they be maintained permanently by the University. Such assets include the University’s permanent endowment funds.
 - Expendable – Net assets whose use by the University is subject to externally-imposed stipulations that can be fulfilled by actions of the University pursuant to those stipulations or that expire by the passage of time. There is no formal policy requiring restricted net assets to be used either before or after unrestricted net assets are used for the same purpose. Responsible officials determine at the time funds are expended to use any unrestricted net assets that may be available.
- Unrestricted: Net assets that are not subject to externally imposed stipulations. Unrestricted net assets may be designated for specific purposes by action of management or the Board of Trustees or may otherwise be limited by contractual agreements with outside parties. Substantially all unrestricted net assets are designated for academic and research programs and initiatives, and capital programs.

GASB Statement No. 35 also requires the statements of net assets, revenues, expenses, and changes in net assets, and cash flows to be reported on a consolidated basis.

Basis of Presentation and Measurement Focus

The University is considered a special-purpose government engaged only in business-type activities and therefore reports as a Business Type Activity, as defined by GASB Statement No. 35. Accordingly, the financial statements of the University have been prepared using the economic resources measurement focus and the accrual basis.

UNIVERSITY OF ARKANSAS, FAYETTEVILLE
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2006

The University has the option to apply all Financial Accounting Standards Board (FASB) pronouncements issued after November 30, 1989, unless FASB conflicts with GASB. The University has elected to not apply FASB pronouncements issued after the applicable date.

Component Units

In May 2002, GASB issued Statement No. 39, *Determining Whether Certain Organizations Are Component Units*, which amends GASB Statement No. 14 to provide additional guidance to determine whether certain organizations for which the primary government is not financially accountable should be reported as component units based on the nature and significance of their relationship with a primary government. Under the statement, which became effective with the fiscal year ending June 30, 2004, the financial activities of qualifying foundations are to be included in the financial statements of the primary government, through discrete presentations. There were three qualifying foundations for the University of Arkansas, Fayetteville: the University of Arkansas Fayetteville Campus Foundation, Inc., The Razorback Foundation, Inc., and the Arkansas 4-H Foundation, Inc.

The University of Arkansas Fayetteville Campus Foundation, Inc. (“the Foundation”) is a charitable organization described in Section 501 (c) (3) of the Internal Revenue Code of 1986, as amended, and was established by the Walton Family Charitable Support Foundation, Inc., for the exclusive benefit of the University of Arkansas, Fayetteville, campus. The Foundation was established on March 11, 2003, and exists primarily to support the Honors College, the Graduate School and the University’s library. The Board of Trustees of the Foundation is made up of seven (7) members, including three (3) members who are also employees of the University. Although the University does not control the timing or amount of receipts from the Foundation, the majority of resources or income thereon that the Foundation holds and invests are restricted to the activities of the University by the donors. Because these restricted resources held by the Foundation can only be used by, or for the benefit of, the University, the Foundation is considered a component unit of the University and is discretely presented in the University’s financial statements.

The Foundation distributed \$13,422,351 and \$9,968,645 to the University during the fiscal years ended June 30, 2006, and June 30, 2005, respectively, for both restricted and unrestricted purposes. Complete financial statements for the Foundation can be obtained from the administrative office at 700 Research Center Boulevard, Fayetteville, AR 72701.

The Razorback Foundation, Inc. (“the Razorback Foundation”) was incorporated on October 17, 1980. It is a non-for-profit organization whose sole purpose is to support intercollegiate athletics at the University. Although the University does not control the timing or amount of receipts from the Razorback Foundation, the majority of resources, or income thereon that the Razorback Foundation holds and invests are restricted to the activities of the University by the donors. Because these restricted resources held by the

Razorback Foundation can only be used by, or for the benefit of, the University, the Razorback Foundation is considered a component unit of the University and is discretely presented in the University's financial statements.

The Razorback Foundation distributed \$3,856,243 to the University, and provided equipment, facilities, improvements and supplies in the amount of \$2,572,328 during the fiscal year ended June 30, 2006. During the fiscal year ended June 30, 2005, the Razorback Foundation distributed \$2,750,000 to the University, and provided equipment, facilities, improvements and supplies in the amount of \$2,570,977. Complete financial statements for the Razorback Foundation can be obtained from the administrative office at 91 North Razorback Road, Fayetteville, AR 72701.

The Arkansas 4-H Foundation, Inc. ("the 4-H Foundation") was incorporated under the laws of the State of Arkansas in 1951. The purposes and objectives of the 4-H Foundation are exclusively educational. The 4-H Foundation was formed to encourage and support such educational purposes, as in the judgment of the 4-H Foundation, will best meet the needs and advance the interests of 4-H youth programs throughout the State of Arkansas. The 4-H Foundation is organized into approximately 80 distinct funds that are used to account for various educational or administrative activities.

The 4-H Foundation made no distributions directly to the University during the fiscal years ended June 30, 2006, or June 30, 2005, other than to reimburse the University for expenses incurred on their behalf. Complete financial statements for the 4-H Foundation can be obtained from the administrative office at 2301 S. University Avenue, P.O. Box 391, Little Rock, Arkansas 72203.

New Accounting Pronouncements

In November 2003, GASB issued Statement No. 42, *Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries*, which became effective with the fiscal year ending June 30, 2006. The Statement established guidance for accounting and reporting for the impairment of capital assets and for insurance recoveries. For the purposes of this Statement, asset impairment is a significant, unexpected decline in the service utility of a capital asset. The events or changes in circumstances affecting a capital asset that may indicate impairment are prominent – that is, conspicuous or known to University management.

During the fiscal year ended June 30, 2006, there have been no prominent or conspicuous events that would indicate impairment of any material capital assets, nor have there been any material insurance recoveries during the fiscal year.

In April 2004, GASB issued Statement No. 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, which becomes effective with the fiscal year ending June 30, 2007. The Statement establishes uniform financial reporting standards

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2006

for Other Postemployment Benefits (OPEB). Management has determined that it does not have any OPEB plans, and the requirements of this Statement are not applicable.

In June 2004, GASB issued Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, which becomes effective with the fiscal year ending June 30, 2008. The Statement establishes standards for the measurement, recognition, and display of Other Postemployment Benefits (OPEB).

Health

The University of Arkansas System offers employees who meet certain requirements the opportunity to continue health insurance coverage upon retirement at substantially the same premium rates as the active population. At June 30, 2006, the University of Arkansas System had approximately 1100 retired employees enrolled in the UA Health Insurance Plan.

In the fall of 2005, the University requested retiree claims data from the Third Party Administrator, Qualchoice. The retiree data was collected and forwarded to an actuarial firm for an initial evaluation of the potential for a liability under GASB 45. An important distinction of the University's retiree benefit design is that the premium is totally paid by the retiree – that is, there is no employer contribution to the health insurance premium for retirees, and therefore, no *overt* employer subsidy. Further, an evaluation of the retiree data, the claims experience of the retiree population in total (both Medicare eligible and pre-Medicare eligible retirees), revealed that premium revenue from this population is sufficient to pay claims costs. Consequently, there is no *inherent* employer subsidy. The University has concluded that, at this time, it has no liability for postemployment health benefits.

Life

The University of Arkansas System offers employees who meet certain requirements the option to purchase a \$10,000 basic life insurance policy upon retirement. The cost of the policy is borne entirely by the retiree; there is no employer contribution towards the premium. However, the premium rates are established on a combined basis with the active employee population, thereby creating an inherent subsidy of the benefit. The University is currently evaluating the potential liability under GASB 45 for this postemployment benefit.

Dental

The University of Arkansas offers employees who meet certain requirements the opportunity to continue dental insurance coverage upon retirement at substantially the same premium rates as the active population. The dental premium is paid entirely by the retiree. Retiree premium rates are based on the claims experience of the combined active and retiree population, thereby creating an inherent subsidy of the benefit. The University is currently evaluating the potential liability under GASB 45 for this postemployment benefit.

UNIVERSITY OF ARKANSAS, FAYETTEVILLE
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2006

In December 2004, GASB issued Statement No. 46, *Net Assets Restricted by Enabling Legislation – an amendment of GASB Statement No. 34*, which became effective with the fiscal year ending June 30, 2006. The Statement clarifies the reporting requirements for net assets restricted by enabling legislation. Management has determined that GASB 46 is not applicable for Universities having no taxing authority.

In June 2005, GASB issued Statement No. 47, *Accounting for Termination Benefits*, which became effective with the fiscal year ending June 30, 2006. The Statement established guidance for accounting and reporting of the costs and liabilities associated with termination benefits, such as those associated with early retirement incentives. The University has not extended a large-scale or age-related early retirement offering during the fiscal year ended June 30, 2006. The University has, from time to time, negotiated early retirement agreements with faculty which may include the provision of healthcare or other benefits for future periods. The number of early retirement agreements is small and the obligation for future benefits is considered immaterial. Arkansas Code Annotated 21-4-501 authorized the compensation for accumulated unused sick leave for certain employees upon retirement. The University has accrued a liability for these amounts in *Compensated Absences Payable*.

Cash and Cash Equivalents

The University considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. Funds held in the custody of the Treasurer of the State of Arkansas and other state agencies are considered cash equivalents.

Inventories are valued at cost with cost being generally determined on a first-in, first-out basis.

Accounts Receivable

Accounts receivable are stated at estimated net realizable values; that is, the gross amount of the receivable is reduced by allowances for estimated uncollectible accounts. Accounts receivable represent charges due the University from various student fees, room and board, student fines, and other charges. Accounts receivable also consist of unreimbursed expenses relating to research contracts with federal, state, and private agencies. Accounts receivable totaling \$511,831 and \$209,466 were written off during the fiscal years ended June 30, 2006, and June 30, 2005, respectively.

Accounts receivable at June 30, 2006 totaled \$33,034,009. The allowance for doubtful accounts was computed to be \$4,281,090 resulting in net accounts receivable totaling \$28,752,919. Accounts receivable at June 30, 2005 totaled \$30,751,137. The allowance for doubtful accounts was computed to be \$3,797,493, resulting in net accounts receivable totaling \$26,953,644.

A summary of accounts receivable balances at June 30, 2006 are as follows:

	Gross	Allowance	Net
Student Accounts Receivable	\$ 9,367,250	\$ (3,956,673)	\$ 5,410,577

Biennial Appropriated Budgets

Biennial appropriated budgets are adopted for the state general fund. The biennial period commences on July 1 of each odd year following the adjournment of the regular sessions of the General Assembly, and ends on June 30 two years thereafter. An appropriation is construed to be available for the two year period following the legislative session in which it was approved. All appropriations lapse at the end of the second year of the biennium unless otherwise provided.

Capital Assets

Capital assets consisting of land, buildings, furniture, fixtures, equipment, improvements, infrastructure, and construction in progress are stated at cost or fair market value at date of gift. Buildings, improvements, and infrastructure additions are capitalized when the cost is \$50,000 or more. For equipment, the University's capitalization policy includes

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2006

all items with a unit cost of \$2,500 or more, and an estimated useful life of two years or more. Renovations to buildings, infrastructure, and land improvements with a cost of \$50,000 or more and that significantly increase the value or extend the useful life of the structure are capitalized. Livestock is under the control of the Department of Animal Sciences and is maintained primarily for research purposes with any other benefits derived from the operations considered as incidental to the primary mission of the Department. The inventory value placed on the animals is determined by department heads utilizing current market prices and breeding and research intangibles.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 15 to 30 years for buildings, 15 to 20 years for infrastructure and land improvements, and 3 to 10 years for equipment.

Capitalization of Interest

The University capitalizes interest involving qualifying assets, if material. The amount of interest cost to be capitalized is interest cost on borrowings netted against any interest earned on temporary investments of the proceeds of those borrowings from the date of borrowing until the specified qualifying assets acquired with those borrowings are ready for their intended use.

Classification of Revenues

The University has classified its revenues as either operating or nonoperating revenues according to the following criteria:

- **Operating revenues:** Operating revenues include activities that have the characteristics of exchange transactions, such as (1) student tuition and fees, net of scholarship discounts and allowances, (2) sales and services of auxiliary enterprises, net of scholarship discounts and allowances, and (3) most Federal, state and local grants and contracts.
- **Nonoperating revenues:** Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as gifts and contributions, and other revenue sources that are defined as nonoperating revenues by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*, and GASB Statement No. 34, such as state appropriations and investment income.

Scholarship Discounts and Allowances

Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship discounts and allowances in the Statement of Revenues, Expenses and Changes in Net Assets. Scholarship discounts and allowances are the difference between the stated charge for goods and services provided by the University, and the amount that is paid by students and/or third parties making payments on the students' behalf. Certain governmental grants, such as Pell grants, and other federal, state or nongovernmental programs, are recorded as either operating or nonoperating revenues in the University's financial statements. To the extent that revenues from such programs are used to satisfy

tuition and fees and other student charges, the University has recorded a scholarship discount and allowance.

(2). Reporting Entity

The University of Arkansas, Fayetteville (“the University”) was established at Fayetteville in 1871 under the provisions of the Morrill Act as both a state university and the land-grant college of Arkansas. The University of Arkansas, Fayetteville includes the Agricultural Experiment Station, the Cooperative Extension Service, Arkansas Archeological Survey, the Criminal Justice Institute, and the Clinton School of Public Service, as well as the academic units. The academic units in Fayetteville include ten colleges, schools and divisions: the Dale Bumpers College of Agricultural, Food, and Life Sciences, the School of Architecture, the J. William Fulbright College of Arts and Sciences, the Sam M. Walton College of Business, the College of Education and Health Professions, the College of Engineering, the School of Law, the Honors College, the Graduate School, and the Division of Continuing Education. The University is one of eleven campuses of the University of Arkansas System. The governing body is the Board of Trustees which is comprised of ten members.

(3). Compensated Absences

Employees accrue and accumulate annual and sick leave in accordance with policies established by the Board of Trustees. Full time, non-classified, University employees accrue annual leave at the rate of fifteen hours per month, classified employees at a variable rate (from 8 to 15 hours per month) dependent upon number of years of employment in state government. Under the University’s policy, an employee may carry accrued leave forward from one calendar year to another, up to a maximum of 240 hours (30 working days). Employees who terminate their employment are entitled to payment for all accumulated annual leave, up to the maximum allowed.

Classified employees who meet the conditions to be considered retirees at the time of termination of employment, are entitled to a partial payment of accumulated, unused sick leave in accordance with the provisions of Arkansas Code Annotated 21-4-501.

The University recognizes a liability for compensated absences. The liability is based on the value of unused employee vacation and compensatory time as of year-end, including the associated benefits: contributions to Retirement, Social Security, Medicare, Workers’ Compensation, and Unemployment Insurance. The liability also includes amounts paid to eligible classified employees for unused sick leave. A classified employee who has accumulated at least fifty (50) days, but less than sixty (60) days of sick leave upon retirement shall receive an amount equal to fifty percent (50%) of the number of accrued sick leave days (rounded to the nearest day) times fifty percent (50%) of the employee’s daily salary. A classified employee who has accumulated at least sixty (60) days, but less than seventy (70) days of sick leave upon retirement shall receive an amount equal to sixty percent (60%) of the number of accrued sick leave days (rounded to the nearest day) times 60 percent (60%) of the employee’s daily salary. A classified employee who has

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2006

accumulated at least seventy (70) days, but less than eighty (80) days of sick leave upon retirement shall receive an amount equal to seventy percent (70%) of the number of accrued sick leave days (rounded to the nearest day) times seventy percent (70%) of the employee's daily salary. A classified employee that has accumulated at least eighty (80) or more days of sick leave upon retirement shall receive an amount equal to eighty percent (80%) of the number of accrued sick leave days (rounded to the nearest day) times eighty percent (80%) of the employee's daily salary. In no event shall an employee receive a sick leave incentive amount that exceeds \$7,500.00.

The University recognizes the estimated amount of the liability that will be incurred within the next year as a current liability and the balance as noncurrent.

(4). Cash, Cash Equivalents, and Investments

Cash and cash equivalents – The University uses commercial banks for its cash deposits. Board of Trustees policy requires that all cash deposits be either insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by securities held at a third party financial institution (preferably the cognizant Federal Reserve Bank) in the University's name. Cash deposits are carried at cost. Cash balances in excess of current requirements are pooled and invested in highly liquid, short-term investments with the funds available on a daily basis. The following summarizes the University's cash position:

	June 30, 2006	June 30, 2005
	Bank Balance	Bank Balance
Insured (FDIC)	\$ 848,134	\$ 818,388
Uninsured, Collateralized	5,355,236	7,863,830
Uninsured, Uncollateralized		43,880
Total Deposits	\$ 6,203,370	\$ 8,726,098

Deposits are exposed to custodial risk if they are not covered by depository insurance (FDIC) and are uncollateralized or collateralized with securities held by the pledging institution. At June 30, 2006, none of the University's bank balance of \$6,203,370 was exposed to custodial credit risk.

The University of Arkansas System Administration (System Administration) does not maintain separate bank accounts. System Administration deposits are commingled in University of Arkansas, Fayetteville bank accounts. The carrying value of the System Administration funds was \$1,850,761 at June 30, 2006, and \$2,281,112 at June 30, 2005. The above deposit schedule does not include cash on hand in various imprest funds maintained by the University of \$60,564 or short-term investments of \$29,698,880 at June 30, 2006. At June 30, 2005, these amounts were \$59,535 and \$31,898,928, respectively.

The Commonfund Short Term investment of \$29,698,880 is reported as cash and cash equivalents on the Statement of Net Assets. Mutual Treasury Funds of \$29,043,479 and Guaranteed Investment Contracts of \$60,328,773 are reported as deposits with bond trustee on the Statement of Net Assets. The above schedule does not include nonnegotiable certificates of deposit of \$34,000 which are considered deposits for GASB Statement 40 deposit and investment disclosures.

Effective June 30, 2005, the University is required under GASB Statement No. 40 to provide investment risk disclosures for all invested funds. Disclosures related to the CommonFund Short Term Fund, Guaranteed Investment Contracts and the External Investment Pool are shown separately. No disclosures were made for Other Investments.

UNIVERSITY OF ARKANSAS, FAYETTEVILLE
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2006

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The University does not have a formal investment policy addressing interest rate risk. The University of Arkansas' investments subject to GASB 40 interest rate risk disclosure are summarized below:

Interest Rate Risk					
Investment Maturities (in years)					
Investment Type	Fair Value	Less than 1	1 to 5	5 to 10	More than 10

The ratings are assigned by the Moody's investment ratings service.

CommonFund Short Term Fund

The University invests daily operating funds in the CommonFund for Short Term Investments (Short Term Fund). The Short Term Fund is a bank common trust fund and as such is regulated by the United States Treasury Department Office of the Comptroller of the Currency.

Interest rate risk. The Short Term Fund invests in securities with maturities from one day to five and one-half years, but the portfolio is structured so that it will approximate the volatility of 3-month U.S. Treasury securities and not exceed the volatility of one-year U.S. Treasury securities.

Credit risk. The Short Term Fund is restricted to investments in U.S. Treasury and government agency securities, high quality corporate securities, mortgage- and asset-backed securities, and commercial and bank paper. However, the Short Term Fund is not rated by an external rating agency.

Guaranteed Investment Contracts

The University invested the construction funds from the Series 2006 Various Facilities Revenue Bonds in Guaranteed Investment Contracts (GICs). The GICs offer a guaranteed rate of return for a specific period of time with a guarantee of principal and interest earnings. The GICs provide full flexibility to withdraw funds as needed.

**UNIVERSITY OF ARKANSAS, FAYETTEVILLE
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2006**

Interest rate risk. The University is not exposed to interest rate risk on the GICs.

Credit risk. If the ratings of the long-term, senior unsecured debt obligations of the guarantors are, at any time while the guarantee is in effect with respect to the GICs, suspended, withdrawn, or rated below AA- by S&P and Aa3 by Moody's, the University has the right to require collateralization or repayment of the entire balance. The following table summarizes the University's GIC agreements at June 30, 2006:

Investment	Fair Value	Rate of Return	Credit Risk
MBIA, Inc.	\$ 60,328,773	5.314%	Not rated

Concentration of Credit Risk

The University places no limit on the amount that may be invested with any one issuer. The MBIA, Inc. guaranteed investment contract constitutes 22.63% of the University's total investments.

External Investment Pool-University of Arkansas System

The following tables contain information on the risk disclosure for the external investment pool, which commingles (pools) the moneys of more than one legally separate entity and invests, on the participants' behalf, in an investment portfolio. The pool was originally established in 1997 by the University of Arkansas and the University of Arkansas Foundation. During 1998, the Walton Arts Foundation joined the pool, and during 2003, the Fayetteville Campus foundation joined the pool. The participants of the pool have adopted investment guidelines and performance objectives for the accounts within the pool. This external investment pool is not SEC-registered. The external investment pool is not rated by an external rating agency. The University of Arkansas Board of Trustees is the sponsor of this investment pool and is responsible for operation and oversight for the pool. The University's participation in this investment pool is voluntary.

This information is provided in total for the pools, which includes the Total Return Pool, the Intermediate Pool, and the SuperCash Pool. The SuperCash Pool was terminated during fiscal year 2006. The University of Arkansas, Fayetteville owns 10.12% of the total of these pools.

Available for Expenditure	\$ 25,291,205	\$ 23,257,185

Note: The amounts shown as available for expenditure and the quasi-endowments are reported as expendable net assets on the Statement of Net Assets.

Arkansas Code Annotated 28-69-603 states “(a) The governing board may expend so much of the endowment fund or an aggregation of the endowment fund as the governing body determines to be prudent under the standard established by § 28-69-607 for the uses and purposes for which an endowment fund is established. This section does not limit the authority of the governing board to expend funds as permitted under other law, the terms of the applicable gift instrument, or the charter of the institution. (b) Except as otherwise specified, this section applies to endowment funds established and instruments executed or in effect before or after July 16, 2003.”

The University uses a total return policy for investing endowed funds. The University’s spending policy is to expend 5.054% of the balance of the endowment averaged over the previous twelve quarters.

(11). Employee Benefits

A. Retirement Benefits

The University offers employees the option of participating in either the Optional Retirement Program (ORP) which includes Teachers Insurance Annuity Association—College Retirement Equities Fund (TIAA-CREF) and Fidelity Investments or the Arkansas Public Employee Retirement System (APERS). The Arkansas Teacher Retirement System (ATRS) is available only to employees who come to work for the University that have a previous record with ATRS. APERS and ATRS are both defined benefit plans.

The ORP is a defined contribution plan. The plan is a 403(b) program as defined by the Internal Revenue Service Code of 1986 as amended, and is administered by the President of the University or his delegate. Employees who reach their tax-deferred 403(b) maximums can then participate in a 457(b) plan. Contributions to Fidelity Investments shall be applied either to individual annuities issued under a Metropolitan Life Guaranteed Account and/or one or more mutual fund custodian accounts managed by Fidelity Investments. Contributions to TIAA-CREF can be allocated among their various annuity accounts. Arkansas law authorizes participation in the plan.

Participants in the University's plan can choose to be contributory or non-contributory. The University automatically contributes 5% of an employee's regular salary to TIAA-CREF and/or Fidelity Investments retirement account, allocated between the two companies according to the employee's choice. For any contributions an employee makes in excess of 5% regular salary, the University makes an equal contribution, up to a maximum University contribution of 10% of regular salary. Employee contributions in excess of 10% are allowed by the plans in accordance with Internal Revenue Service regulations but the University does not match these additional contributions. All benefits attributable to plan contributions made by both the University and the participant are immediately vested in the participant for all faculty members and non-classified employees and all classified employees whose initial employment occurred prior to January 1, 1985, and who made any plan contributions prior to that date. For all other

classified employees, vesting of benefits attributable to plan contributions made by the University shall occur on the earlier of completion of three years of service, or attainment of age 65, or the participant's having made plan contributions of at least five percent of regular salary for six consecutive months. The University's and participants' TIAA-CREF contributions for the year ending June 30, 2006, were \$13,345,672 and \$12,818,618 respectively. The University's and participants' Fidelity Investments contributions for the year ending June 30, 2006, were \$2,996,793 and \$3,103,456, respectively. The University's and participants' TIAA-CREF contributions for the year ending June 30, 2005, were \$12,510,668 and \$12,631,883, respectively. The University's and participants' Fidelity Investments contributions for the year ending June 30, 2005, were \$2,888,933 and \$2,878,070, respectively.

APERS is a cost-sharing multiple employer defined benefit plan administered by the State of Arkansas. The University contributes 12.54% of applicable wages to the plan. Under certain conditions covered employees may voluntarily contribute 5% of his/her salary. The University's and participants' contributions for the year ending June 30, 2006, were \$176,864 and \$1,857, respectively. The University's and participants' contribution for the year ending June 30, 2005, were \$156,070 and \$0, respectively.

ATRS is a cost-sharing multiple employer defined benefit pension plan. The University contributes 14% of all covered employees' salaries. Under certain conditions covered employees may voluntarily contribute 6% of his/her salary. The University's and participants' contributions for the year ending June 30, 2006, were \$85,420 and \$20,637, respectively. The University's and participants' contributions for the year ending June 30, 2005, were \$80,079 and \$14,154, respectively.

The University's and participants' contributions to all other pension plans for the year ended June 30, 2006, were \$569,465 and \$483,420, respectively. The University's and participants' contributions to all other pension plans for the year ended June 30, 2005, were \$524,347 and \$458,263, respectively.

B. Self-Insurance Plans

The University of Arkansas System sponsors self-funded health and dental benefit plans for University employees and their eligible dependents. The Fayetteville, Medical Sciences, Little Rock, Pine Bluff, Monticello, and Batesville campuses, state-wide operating units of the Arkansas Archeological Survey and Division of Agriculture, System Administration, Criminal Justice Institute, the Clinton School of Public Service, the Arkansas School for Mathematics, Sciences and the Arts, and the University of Arkansas Foundation, Inc., participate in the health insurance program which is administered by the System Administration. Operations of the plans are recorded in the separate financial statements of the System Administration.

For the year ending June 30, 2006, a total of 4,505 active employees, former employees, and retirees were participants in the health plan. For the year ending June 30, 2005, the total of active employees, former employees, and retirees participating in the health plan

FOR THE YEAR ENDED JUNE 30, 2006

was 4,401. The University pays 68.441% for the Point of Service Plan and 77.39% for the Classic Plan for Fayetteville. The University pays 75.135% for the Division of Agriculture and the Arkansas Archeological Survey and 73.892% for the Criminal Justice Institute for the Point of Service Plan and 73.892% for the Classic Plan. The University pays 70% of the health plan for federal employees.

C. Life Insurance Plan

The University of Arkansas System's life insurance carrier is Unum Life Insurance Company of America. The University's life insurance is a fully-insured arrangement with the premiums being sent directly to the life insurance carrier.

Expenditures for all employee benefits are included as expenditures within the appropriate functional area.

(15). Walton Arts Center

The University of Arkansas and the City of Fayetteville engaged in a joint endeavor to operate the Walton Arts Center. Funds were pooled from each entity to provide for the construction and operation of the center. To administer this project and its funds, the University and the City of Fayetteville established a nonprofit organization called the University of Arkansas/City of Fayetteville Arts Foundation, Inc., now called the Walton Arts Center Foundation, Inc., which was incorporated on January 19, 1987. There are nine directors, three are appointed by the University, three by the City of Fayetteville, and three are recommended by the Foundation that must be approved by the mayor and chancellor.

The Walton Arts Center Council, Inc. was formed to construct, operate, manage, and maintain the Arts Center in Fayetteville, Arkansas, in accordance with the Interlocal Cooperation Agreement between the City of Fayetteville and the University of Arkansas. The ownership of the Arts Center facilities, including land, is held equally by the City and the University. The Arts Center Council must submit an annual budget to both the City and the University for approval. The Board of Trustees of The Arts Center Council is comprised of five members appointed by the University, five members appointed by the City, and ten members appointed at large, all of whom serve as volunteers.

The combined audited financial statements of the Walton Arts Center Council, Inc., and the Walton Arts Center Foundation, Inc., as of and for the year ended June 30, 2006, which have been audited by an independent certified public accountant, are presented below in summary form.

(17). Short-Term Debt

GASB Statement No. 38 issued June 1, 2001, states that governments should provide details about short-term debt activity during the year, even if no short-term debt is outstanding at year-end. The University had no short-term debt activity during the fiscal year, nor is there any outstanding balance of short-term debt as of June 30, 2006.

(18). Change in Accounting Estimate

During the fiscal year ended June 30, 2006, the University made an adjustment to the accumulated depreciation totals due to a change in the estimate of useful lives of certain classes of equipment. The net adjustment made due to the change in accounting estimate was a reduction of accumulated depreciation of \$5,184,052.

(19). Reclassification

During the fiscal year ended June 30, 2006, the University determined that bond proceeds reported as Deposits with bond trustees, and intended for the purchase or construction of capital assets should be classified on the Statement of Net Assets as Noncurrent Assets rather than Current Assets as it has been reported in past years. This change is a result of Management's interpretation of accounting guidelines that came to its attention during the fiscal year.

(20). Contingencies

The University has been named as defendant in several lawsuits. It is the opinion of management and its legal counsel that the ultimate outcome of litigation will not have a material effect on the future operations or financial position of the University.
