A Message from the Dean.....

I am pleased to offer this report on the activities, accomplishments, and achievements of the College of Education and Health Professions faculty, staff, students, and alumni. As my first annual report as dean, I am particularly proud of the work of those affiliated with our College; they have proven themselves excellent stewards of the resources that the people of Arkansas have invested. Yet, we have much work to do, and we live in a challenging and changing world in which competition, the economy, and globalization of our daily lives impact everything from training classroom teachers and preparing nurses, to adult literacy and healthful living work in the state.

As a College, we have tremendous support from our institutional leadership and our partners around the state, including many hospital presidents, school superintendents, community college leaders, and recreation professionals. I have charged our College's faculty to explore what we do and how we are doing it, specifically looking at how we are structured and how we deliver programs, and to make recommendations to improve our quality and accessibility. This is a two-way street, and we most certainly want and need to hear from you.

The College of Education and Health Professions has a student population that has grown over 40% during the past five years, and I add my gratitude to the excellent service of Dean Emeritus Reed Greenwood. Our challenges and opportunities can define who we are, both as a College, a University, and as a State, and I look forward to serving as the Dean of this College and working with all of you to strengthen our collective future.

Sincerely,

Thomas E. C. Smith
Dean

I. Executive Summary

Record graduate and undergraduate enrollment, a national search for a dean and over a dozen faculty members, and a national ranking by *US News and World Report* highlighted the past academic year of the College of Education and Health Professions. In addition to the infusion of over 25 faculty and staff into the College, organizational structures were modified to emphasize *Students First*, consistent with the University's goal of supporting students in their academic pursuits.

In addition to structures in the College, a number of academic opportunities were developed and approved, including a certificate in Autism, a masters degree in Athletic Training, admitting and enrolling the first doctoral cohort in Education Reform, and providing a doctoral cohort partnering with the University of Arkansas-Fort Smith. A number of faculty received state, regional, and national awards, were interviewed on leading media, such as CSPAN, provided testimony to multiple state legislatures in addition to the US Congress, and engaged in outreach through offering conferences and workshops, such as the "*Enriching Literacy with Arts, Enriching Arts with Literacy*" conference, an *English as a Second Language symposium*, and an *Autism-Special Education* conference. The bibliography presented near the end of the report also illustrates the active nature of the College's faculty featuring nearly a dozen books authored by College faculty, over 30 book chapters, and nearly 100 refereed journal articles.

The real success of the College, however, is highlighted in the presentation of student success and achievements. Students, recognized for their academic, and at time athletic ability, were recruited to fill important jobs, and the presentation of alumni accomplishments suggests that these individuals continue to be successful throughout their careers.

II. SIGNIFICANT ACHIEVEMENTS AND CHANGES TO THE CONTENT OF PROGRAMS BY DEPARTMENT

The College

One of the main highlights of the year was the national search for a dean to replace retiring Dean M. Reed Greenwood. Following a national search that brought five finalists to campus, University Professor Tom E. C. Smith was named the 14th dean of the college. Smith, a native of Texas and former Curriculum and Instruction Department Head, assumed office March 1, 2010.

Smith completed a number of internal searches for key appointments within the College, resulting in the appointments of Dr. Michael Miller as the Associate Dean for Academic Affairs, Craig Edmonston as the Assistant Dean for Administrative Affairs, Dr. Janet Penner-Williams as the Assistant Dean for Assessment and Students, and Dr. Fran Hagstrom as the Department Head in Rehabilitation, Human Resources, and Communication Disorders.

Upon Dean Smith's appointment, three faculty-driven work groups were developed to address ongoing issues in the college. The workgroups, one dealing with the College's organization, one dealing with the faculty personnel document, and one on strategic planning, began work and issued preliminary reports at the spring faculty meeting. All committees will continue their work in the fall 2010 semester.

Under the Dean's leadership, several key organizational changes were studied and implemented, including creating an Office of Field Studies and locating the Teacher Placement Office within the Dean's office. Additionally, the Dean's office assumed responsibility for coordinating program accreditation, including NCATE, and student assessment. To allow departments more freedom and to better serve students, the issue of centralized and decentralized advising was also considered, resulting in the placement of professional advisors with academic departments to be both closer to students and faculty who advise them.

Facility planning was also a prominent issue during the year, as construction plans were approved and begun on George Peabody Hall, a 1911 building that formerly served as the University training and High school, and most recently, the Department of Curriculum and Instruction. The Department of Curriculum and Instruction temporarily moved to Stone House, South. Plans were also finalized to dedicate the former University Health Center as the new home for the Eleanor Mann School of Nursing. Construction on the former Health Center was to begin in the summer of 2010 and is projected to last one and a half years prior to occupancy by EMSON.

Enrollment continued to increase in College's degree programs, increasing from 2,357 in 1999 to 3,628 in Fall 2009. The largest enrollments were in Curriculum and Instruction (1,034 students), Health Science, Kinesiology, Recreation and Dance (967 students), and Rehabilitation, Human Resources, and Communication Disorders (723 students).

The College completed 17 faculty and 20 administrative and staff searches during the academic year, with many candidates for positions noting the quality of the College. *US News and World Report* ranked the UA COEHP as the 141st best graduate school of education in the United States, marking the first time in the history of the College that it has been recognized and ranked. To better communicate accomplishments such as these, the College transitioned its newsmagazine, *The Colleague*, to an online format.

Department of Curriculum and Instruction

The Department of Curriculum and Instruction had substantial achievement and marked success during FY2010. Most of the 9 program areas and 26 different degree and/or certificate programs experienced moderate to extreme growth during the year. Some programs, like the off-campus licensure program in Childhood Education, experienced substantial growth. Candidate admission's to this program has grown at a rate of more than 20 percent during each of the past three years. During the fall of 2010 and spring of 2011, the program will place 43 candidates in internships and the junior cohort includes another 55 candidates. Even though 55 candidates were accepted into the junior year cohort, twenty-two applicants were turned away. This continued growth has stretched our faculty resources to the limit and requires us to add two new internship schools for the program in the fall semester. Similarly, enrollment in the Secondary Education MAT, the Childhood Education MAT, the Educational Technology MED, the Career and Technical education MED, and the Special Education MED all experienced considerable growth during 2010. In fact, the Childhood Education (CHED) MAT program accepted a record 73 candidates (9 more than last year) and the Secondary Education (SEED) program accepted 65 candidates (11 more than last year). The SEED increase is likely the result of recruiting efforts included in the *National Science Foundation Noyce Grant* that Dr. Wavering procured with colleagues in the Fulbright College of Arts and Sciences during 2007.

Correspondingly, the department's Career and Technical Education (CATE) BSE licensure program that expanded to 45 students last year, has maintained similarly high enrollment figures. CATE is also witnessing substantial growth in the new on-line MED in secondary education with a concentration in CATE. This program grew from no candidates in 2008 to 24 students in 2010. Likewise, the online MED in Special Education has expanded to more than 67 enrolled students and additional enrollment growth is expected with the new Autism Spectrum Disorder Certification. The on-line programs are assisting the department greatly in attracting and retaining a more diverse student population. In total, the department of curriculum and instruction had 433 graduate students and 620 undergraduates (up 34 students from 2009) for a total of 1053 enrolled students in the spring of 2010. This represents 35 percent of all students in the College of Education and Health Professions and 17 percent of all full-time students at the University of Arkansas-Fayetteville.

The external reputation of the department continues to expand through the professional efforts of faculty and staff. For example, faculty completed numerous external projects, conferences, and symposia that attracted the attention of students, parents, professional educators, and the media. Some of these external events included the 3rd Annual *Autism Symposium*, the 5th Annual *Literacy Symposium*, the 2nd annual *English as a Second Language Symposium* and new this year, the *Arts and Literacy Conference* sponsored by the Center for Children and Youth. Each of

these conferences drew 300-500 participants, attracted nationally-known speakers, and resulted in both print-based and television media coverage. However, the most important result of each conference was increased advocacy and support for important initiatives and programs.

Faculty in Curriculum and Instruction (CIED) markedly increased scholarly productivity during FY2010. This increase in scholarship can be measured in the production of books, book chapters, journal articles, and professional presentations. During the year, faculty members published five books, twelve book chapters; had 28 articles published in refereed journals, and made over 100 presentations at state, regional, national, and international conferences. Additionally, faculty served on 24 editorial boards and served as elected officers in 21 different national and state level professional associations. Faculty from the Department of Curriculum and Instruction continued to provide extensive research and service leadership at the State and National levels. Major funding was provided by 8 different State organizations and 2 different federal agencies. In addition to the faculty serving as principle investigators, numerous CIED faculty serve as external evaluators and senior project staff on National Science Foundation, US Department of Education and other federal grants at the University of Arkansas and other institutions. Notably, faculty members in the Department of Curriculum and Instruction have generated more than \$4 million in external funding during the past year (some are multiple year projects).

The NORMES project continues to provide vital services and data gathering and analysis services to the State of Arkansas and other states and has expanded substantially during the fiscal year. Initiated in 1991, the Arkansas Leadership Academy continues to design creative and innovative approaches to establish learning communities in public schools by developing learning programs for educational leaders. As I stated previously, *Project Teach Them All* provides ESL instruction and certification courses for middle school, junior high and high school teachers in northwest Arkansas. The Northwest Arkansas Writing Project, funded in its 13th year, continued to provide service to local schools in the area of writing and literacy. Another large grant that has the capacity to make a big difference is the \$350,000.00 Mathematics Partnership obtained by Dr. Laura Kent during the spring of 2009. Kent partners with other faculty at the University of Arkansas and with six public school districts in Northwest Arkansas to develop programs that improve teachers' mathematics content knowledge. Departmental faculty contributed to serve state, regional and national organizations including the Board of Directors of the Ozark Natural Science Center, Division on Developmental Disabilities of the Council for Exceptional Children, Arkansas Foundation Board of Directors, Delta Kappa Gamma, the Arkansas Department of Education, the National Science Foundation, the United States Department of Education, and numerous other regional, state, and national agencies. The department continued to receive support for four school improvement programs, including the two Education Renewal Zone grants as well as the Center for Children and Youth. All of the school improvement projects resulted in significant improvements to educational services to children in participating schools across Arkansas. In June 2009, more than 530 teachers and administrators from Arkansas, Oklahoma, Missouri, and Tennessee attended the fourth annual University of Arkansas Literacy Symposium in Fayetteville and a similar number will attend the fifth annual Literacy Symposium in early June, 2010.

Faculty continued to provide extensive service to local public schools, especially partnership schools in the Fayetteville, Springdale, Rogers, and Bentonville school districts. Additionally,

the Secondary Education (SEED) and the Career and Technical Education (CATE) faculty reached out to the rural schools of northwest Arkansas by placing more than 60 interns and students teachers in rural schools in Northwest Arkansas as a part of the *Rural Schools Initiative*. Partner schools in this initiative include Pea Ridge, Gravette, Gentry, Greenland, West Fork, Farmington, Prairie Grove, Lincoln, Elkins, Siloam Springs, and Huntsville schools. Diversity is being addressed on a number of fronts, but most notably through some of our grant outreach efforts. For example Drs. Janet Penner-Williams and Diana Gonzales-Worthen have utilized *Project Teach Them All* to work with two middle schools, three junior highs and two high schools in Northwest Arkansas to develop graduate course experiences for *English as a Second Language* (ESL) teachers. Currently 48 teachers are enrolled in the program with more coming in the fall semester of 2010. This project has a direct impact of the most diverse populations in the State of Arkansas. Additionally, Dr. Worthen, Dr. Lincoln, and Dr. Daugherty have addressed numerous Latino groups in an effort to attract additional departmental participation.

The Department of Curriculum and Instruction initiated six new faculty searches during 2009-2010. Some of those searches are not yet complete as this report is written, but several outstanding new faculty members have been recruited. These new faculty members include Dr. Sean Connors, Secondary Education/English Education, who completed his Ph.D. at The Ohio State University, Dr. Ed Bengdson of the University of Georgia, and Dr. Jennifer Beasley of the University of Virginia. We are very pleased with the quality and academic credentials of these new faculty members and look forward to their future contributions.

Department of Education Reform

The Department of Education Reform made several program changes and experienced several achievements that have worked to support the Department's operational goals.

First, to strengthen the academic quality and reputation of the Department, the Department (EDRE) has seen several submissions to refereed journals accepted and published, made media appearances, presented on education policy before state and national audiences, hosted a lecture series featuring several distinguished researchers and policy analysts, and seen the successful completion of the first year of our Graduate program.

In the summer 2008, the EDRE's proposed academic program awarding a PhD in education policy was accepted. In the fall semester of 2009, the program's inaugural class of six PhD candidates began their first semester of courses. The first group of PhD candidates includes 4 Distinguished Doctoral Fellowships (DDF) and 2 Doctoral Academy Fellowships (DAF). The Department is also excited to begin working with its second class of PhD candidates who hold 1 DDF, 2 DAFs, and 3 Graduate Assistantships.

The Department has developed and successfully implemented four classes for the inaugural year of the PhD program. The courses included *Program Evaluation* with Patrick J. Wolf, *Research Seminar* with Jay P. Greene, *Politics of Education* with Robert Maranto, and *Finance and Education Policy* with Robert M. Costrell. In addition, Sandra Stotsky offered *English Language*

Arts and Reading Standards for the CIED program. The Department is looking forward to a further expansion of courses offered, with 4 new courses anticipated in fiscal year 2011.

In the past academic year, the department faculty have produced 17 peer-reviewed articles, 22 non-peer-reviewed articles, and published 32 op-ed articles.

To measure the influence of our faculty's research in the scholarly community, the Department used the Social Science Citation Index to count the number of times that their research has been cited by articles publishing during the 2009 calendar year. Jay P. Greene was cited 48 times during that period, Sandra Stotsky was cited 42 times, Robert Maranto was cited 17 times, Patrick J. Wolf was cited 11 times, Robert M. Costrell was cited 6 times, and Gary W. Ritter was cited 1 time. The total number of citations for the EDRE faculty was 125.

In October 2006, EDRE launched a lecture series hosted at the University and initially funded through a gift by the Stephens Foundation. Between August 2009 and April 2010, the department hosted 16 speakers, including Al Lindseth, President of Woodrow Wilson Foundation and former Dean of Teachers College; Paul E. Peterson, Henry Lee Shattuck Professor of Government and Director of Program on Education Policy and Governance, Harvard University; Mike Feinberg, co-founder of KIPP; Terry Moe, William Bennett Munro Professor of Political Science, Stanford University; Gary Compton, Bentonville Public School Superintendent; and Jim Rollins, and Springdale Public Schools Superintendent. Since the beginning of the lecture series in 2006 EDRE has hosted 48 speakers.

In addition to the Lecture Series, EDRE initiated several outreach activities throughout the 2010 fiscal year. In December of 2009, EDRE worked with CIED staff member Nick Tschepikow to provide a professional development seminar by visiting speaker Kevin A. Curtin on classroom behavior management to nearly 100 local educators and administrators. In February of 2010, Robert Maranto worked with the King Fahd Center for Middle East and Islamic Studies to organize a lecture by Catherine Warrick, of Villanova University, on titled "A Little Bit Separate, a Little Bit Equal: Women in the Jordanian Parliament." Finally, in April and May of 2010, Sandra Stotsky and EDRE staff member Misty Newcomb organized three forums to discuss national standards. The forums, held in Farmington, Jonesboro, and Little Rock, were attended by audiences ranging between 50 and 100 educators.

From July 1 2009 to June 30 2010, The Office for Education Policy (OEP) published 12 policy briefs; 2 Arkansas Education Reports; 2 report cards examining student demographics, performance on standardized tests, and achievement gaps; 5 opinion editorial pieces in local and national newspapers; and 3 presentations at national conferences and with local school districts. In addition, OEP hosted a spring conference on improving school leadership in Arkansas that featured a number of presenters from school districts around the state, universities, and the Arkansas legislature. Over the same period, OEP has partnered with school leaders from the e-Stem Charter Schools (assisting with a performance pay program), the Fountain Lake School District (to create a teacher evaluation program), and the Learning, Educating, Achieving, in the Delta (LEAD) Program. Researchers from the OEP also assisted in publishing 4 intervention reports on middle school math curricula for the What Works Clearinghouse (WWC), a research arm of the Institute for Education Sciences. Finally, OEP continues to disseminate information to

interested parties through a weekly “e-blast” email of Office for Education Policy Web Links (or OWL) that currently reaches over 1,200 subscribers as well as through the OEP website which has logged more than 3,000 visits between July 1 2009 and June 30 2010.

Second, to respond to the goal of improving the quality and diversity of the Department, EDRE's proposal of an academic program offering a PhD in education policy studies was approved. Six PhD candidates began the program in the fall of 2009 with the support of university fellowships. The inaugural class has already begun exceeding their expectations, with students producing a total of 7 Op-ed publications, 3 research reports, 2 articles, and 2 presentations. In addition, James Shuls, first year Doctoral Academy Fellow, taught a course for Alternatively Certified Teachers. The students have also been making valuable use of their fellowship allocations by attending conferences of the American Educational Research Association, American Education Finance Association, and Philosophy of Education Society. Several of the students have also volunteered their time to assist with the department's outreach activities by serving as note takers at three national standards forums hosted by the Department in April and May of 2010.

The Department is eagerly awaiting its second cohort of six PhD candidates who will begin courses this fall. EDRE faculty are currently working on designing four new courses for the incoming cohort: *Measurement of Educational Outcomes*, *Seminar in School Choice Policy*, *Seminar in Education Accountability Policy*, and *Economics of Education*.

Finally, the Department of Education Reform has continued to improve the quality of its students, faculty, and staff through use of the EDRE Lecture Series. In academic year 2010, the departmental lecture series hosted 16 speakers who provided informative discussions on research related to the field of education policy.

Department of Health Science, Kinesiology, Recreation, and Dance

The Department reported a steady increase of undergraduate student majors with 807 majors in the Fall 2009 as compared to 768 in the fall 2008 (a 5% increase in overall enrollment). The 807 majors were enrolled as follows: KINS-630, HLSC-93 and RECR-84. This indicates an increase in enrollment in the KINS and RECR programs and HLSC remained constant. There were 798 undergraduate HKRD majors in the Spring 2010 as compared to 748 HKRD undergraduate majors in Spring 2009 which was a 6.7% increase in students. Of the 798 total HKRD students the breakdown in majors was as follows: KINS-610, HLSC-99 and RECR-89. Not only is HKRD increasing the number of undergraduate majors from one year to the next, but the department has also managed to retain the fall majors throughout the spring semester of the academic year.

The Department had a very high participation in the Honors Program with 33 students participating in Fall 2009. It should be noted that the COEHP had 122 total Honors students, so HKRD represents 27% of all Honors students in the college.

The Department maintained a student population with a higher diversity rate than the University average (14.3% - Institutional Report; 150 minority students in Fall 2009. This represented a 15.5% minority population in the HKRD Department.

92 curricular changes were made in HKRD in the 2009-2010 academic year as compared to 36 which were made in 2008-2009. The undergraduate and graduate coordinators along with their administrative assistant have worked diligently to align the current course offerings with the Catalog of Studies. Major changes were made in the Undergraduate and Graduate Catalogs for the 2009-2010 academic year. The name change for all degree programs (B.S.E., M.Ed., Ed.D.) in Recreation and the undergraduate minor in Recreation were approved. The new name is now Recreation and Sport Management. Included along with the name changes were over 50 course changes which either added the word "sport" to the course title and/or course description. All course prefixes were changed from RECR to RESM.

The KINS Pedagogy Program made changes in course work and GPA for Physical Education majors matriculating into upper division/internship coursework. The changes included (1) have a C or better in all KINS/PHED Teacher Education classes in order to be eligible to enroll in the Senior Block Internship semester, (2) must have cumulative grade point average of 2.5 or greater or a minimum 2.75 grade point average in KINS/PHED Teacher Education classes, and (3) completed or registered to take the Praxis II content knowledge exam in order to enter the senior block. There were 3 minor changes in the HLSC undergraduate program. The HLSC graduate program had 4 major changes and 2 minor changes.

The KINS Pedagogy Program had considerable growth in intern numbers from the 2008-2009 academic year when there were a total of 32 interns. During 2009-2010 there were a total of 47 interns (a 46.8% increase). This increase required changes in workloads by pedagogy faculty to cover students in practica and internships in the public schools.

The new Master of Athletic Training program and elimination of the current Athletic Training concentration within the M.S. Kinesiology degree program received final approval from the Arkansas Higher Education Coordinating Board on April 30, 2010.

The Health Science Ph.D. required departmental core has been reduced by three credit hours (12-9) as a result of the faculty combining the graduate level Public Health and Health Planning courses into one (HLSC 5563 Public Health: Principles and Planning) new course. The Health Science credit hour requirement for the M.S. degree has been reduced from 15 to 9 hours and the approved electives have been increased by 6 credit hours (3-6 to 9-12).

Graduate course rotations were developed for all program areas and the graduate catalog was updated in terms of semester course offerings. Now the graduate catalog accurately reflects semester course offerings for individual courses within the HKRD department.

New guidelines regarding master's and doctoral comprehensive exams for Health Science students have been developed by program area faculty and approved by the UA Graduate Council. All changes have been approved and will appear in the 2010-2011 Graduate Catalog.

The Kinesiology non-teaching programs (Exercise Science) underwent the U of A mandated seven-year review of its degree programs (B.S.E., M.S., and Ph.D). Two outside reviewers (Dr. Ed Howley from the University of Tennessee and Dr. Gil Reeve from L.S.U.) joined Bill

Warnock and Dr. Bob Brady (Communications Chair) to conduct the two-day campus visit and assessment of the self-study report. Their assessment report was completed and they noted both strengths and weaknesses of the program. A rejoinder was developed by the HKRD Department and submitted to Associate Dean Mike Miller which indicated how the HKRD Department would attempt to address the areas cited as weaknesses. Based on the strength of the program review, the Kinesiology Program joined the prestigious American Academy of Kinesiology and Physical Education.

In preparation for its seven-year review scheduled for 2010-11, the Health Science Program arranged for Dr. David Birch, Department Chair at Eastern Carolina University, to visit our campus and conduct a review of the B.S.E, M.S., and Ph.D. degrees in Health Science.

ADHE questioned the viability of the Ed.D. degree in Recreation given that it has not graduated an average of two students on a rolling average over a three-year period. Therefore, a justification was written which cited the unique reasons why graduation numbers were down, and ADHE gave the doctoral program in Recreation a reprieve until 2013.

Sixteen students within the online M.Ed. Physical Education program were enrolled in classes during Spring 2010 and four additional students have been admitted for Summer/Fall 2010. It is anticipated that ten of the students admitted in fall 2008 (start of program) will graduate in Summer 2010.

Two new HKRD faculty were hired for the 2010-11 academic year. Dr. Michelle Gray will be an Assistant Professor in Kinesiology (Exercise Science). Dr. Amanda Sullivan will be a Clinical Assistant Professor in Kinesiology (Pedagogy).

Intramural and Recreational Sports

The Department of Intramural/Recreational Sports (IMRS) realized a year of accomplishments in regard to the department's mission statement, service pledge, vision statement and strategic plan. Participation goals were surpassed in most program areas further solidifying the department's role as the primary service unit in the College of Education and Health Professions as well as the University of Arkansas. The staff of the department religiously followed the basic premise of the vision statement by dedicating themselves to improving university life, developing lasting and meaningful recreational experiences and sustaining our leadership role within the university community.

Leadership changes at the Dean's level in the College of Education and Health Profession led to changes in the Department of Intramural/Recreational Sports. Craig Edmonston, former IMRS Director, is now the Assistant Dean for Administration for the College of Education and Health Professions. Jeremy Battjes, former Senior Associate Director, was appointed as the Director of the Department of Intramural/Recreational Sports. IMRS continues to be one of the largest student employers on campus, hiring more than 380 students during the past school year, providing students with unique, educational work experiences while on campus.

Sustainability continues to play a part in the experience staff and participants are engaged in when participating in IMRS activities and events. Intramural/Recreational Sports took recycling, purchasing organic products, practicing leave no trace ethics to another level. In May 2010, a system was purchased for the elliptical machines in the Donna Axum fitness center that harnesses human energy. ReRev.com, LLCTM is a system which converts kinetic energy, which users create while using fitness equipment, into renewable energy that can then be used to power the building. Data collection is currently underway; potential savings could be as much as \$700.00 the first year.

The Department of Intramural/Recreational Sports continues to develop facility master plans that will assist the campus in making decisions related to recreational facilities on campus. In the spring of 2008, IMRS completed a feasibility study for a new stand alone recreation center. While IMRS still considers this the ultimate goal for campus recreation additional components have been researched over the past year. Four facility studies are currently underway that will have a significant impact on how student recreate and begin to building their fitness base. The first study reviewed options that may exist to renovate and/or expand the HPER Building to increase the amount of recreational opportunities. The second study reviewed the use of the Old Men's Gym, Fieldhouse. IMRS partnered with Miller, Boskus, and Lack, Inc. to provide drawings, renderings, and a pro-forma to renovate the facility to include a fitness center, basketball courts, personal training studio, group exercise rooms, student lounge space, and a state of the art bouldering gym. A third project currently underway reviews opportunities to expand recreational opportunities within the Arkansas Union. The committee is currently reviewing architects for this drawing and design phase of the project. Lastly, IMRS has hired McGoodwin, Williams, and Yates to provide recommendations to improved the playability and drainage of the Intramurals Sports Complex. McGoodwin, Williams, and Yates will provide a report that indicates topography, best recommendation for turf or grass playing surface, and a cost analysis of the project.

Accessible Recreation

A private training studio was added in FY2010, adding to the potential to accommodate the needs of special clients. This studio takes the needs of special populations such as elderly, those with disabilities or medical issues, obese, or expectant mothers into consideration in facilitating workout programs. Students who are registered with the Center for Educational Access are eligible to utilize the Functional Fitness program at no cost. Two participants utilized this service in FY10.

Club Sports

The Club Sports program provided 898 students, faculty, and staff with the opportunity to develop post curricular skills and participate within a sporting opportunity not encompassed by varsity athletics. Throughout the fiscal year, Club Sports represented the University of Arkansas at 95 away events throughout the Natural State and surrounding areas while hosting 42 events within Intramural/Recreational Sports facilities. Significant achievements included an appearance within the American Collegiate Hockey Association Division III National Championships in Fort Myers, Florida by the hockey club; a runner up finish in the National

Intramural/Recreational Sports Association National Championships in Dallas, Texas by the women's volleyball club; an Oklahoma Collegiate Club Soccer League championship by the men's soccer club; a ninth-place finish at the Collegiate National Championships in Lakeland, Florida by the paintball club; and other successful performances and post-season advancements.

Facility Management

The Facility Management Program serves as a major support unit for the seven other program areas with the Department of Intramural/Recreational Sports. The Facility Management Program continues to work to maintain a quality recreation center by providing annual maintenance and performing renovations/improvements as necessary. Prioritized project lists are created for each year and these lists assist the staff in determining how to best meet the needs of students, faculty, and staff. Facility improvements this year included refinishing floors in gymnasium 1, the racquetball courts, and the fitness center; installing room occupancy lighting sensors in rooms with three or more lighting fixtures; installing low flow toilets; and the walls in the HPER Building were repainted.

The HPER Building continues to serve as a central gathering place for faculty, students, staff, and University guests and visitors. The building serves as a location for students to step away from their studies, engage in exercise, build lifelong healthy living habits, and provides a way to be with friends and family. HPER Building use realized an increase of 11% from FY09 to FY10 (681,157 in FY09 to 756,580 in FY10).

Fitness/Wellness

The Fitness/Wellness Program continues to provide numerous opportunities for students, faculty/staff, and HPER members to enjoy exercise and learn about health and wellness. The Group Exercise program continues to be extremely popular, serving 31,370 participants through Group Fitness, Mind/Body, Aqua Aerobics, and Group Cycle in FY10. Overall participation in Fitness/Wellness Programs increased 13% from FY09 to FY10, from 29612 to 33536 participants. New programs offered in FY2010 include Group Cycle and Traveling Trainer. The Traveling Trainer program provides on-site services such as group exercise classes or group training sessions for organizations such as campus departments, residence halls, or Greek organizations. It served ten campus organizations and departments in FY2010.

New Group Exercise Classes offered in FY10 include Fire & Ice, Rock Bottoms, Power & Grace, Sculpt Yolates, Sport Yoga, and Iron Yoga. Attendance in Group Fitness classes increased 16% from FY09 to FY10, from 17443 to 20274 participants. Attendance in Aqua Aerobics increased 18% from FY09 to FY10, from 1130 to 1336 participants. Massage and Personal Training also continue to be popular program offerings. Attendance in Personal Training increased 10% from Fall 08 to Fall 09, from 379 to 418 participants. Attendance in Massage increased 31% from Fall 08 to Fall 09, from 176 to 231 participants. The Massage and Personal Training programs continue to generate revenue within the Fitness/Wellness program. The Fitness/Wellness Program increased revenue 18% from FY09 to FY10, from \$33,580 to \$39,580.

Instructional Programs

The Instructional Programs Program added new programs and grew several existing ones in FY10. New activities added by Instructional Programs are Ballroom Dance, Water Safety Instructor Certification, and Water Fitness Instructor Certification. Participation in First Aid/CPR increased by 57% from 37 in Spring 09 to 58 in Spring 10. Participation in Lifeguard Training increased by 5% from 19 in Spring 09 to 20 in Spring 10. Participation in Learn to Swim Youth increased by 35% from 181 in Spring 09 to 245 in Spring 10. Participation in Taekwondo increased by 67% from 84 in Spring 09 to 140 in Spring 10.

The Instructional Programs Program continues to be a Red Cross Authorized Provider in the Northwest Arkansas Community. IMRS certified 168 participants in CPR, First Aid, and AED in FY10. In addition, the Instructional Programs Program offers the American Red Cross Learn to Swim program, as well as Lifeguard Certifications, introducing participants to aquatic skills in a safe and secure environment. Two IMRS Staff members were certified as American Red Cross Adult CPR, First Aid, and AED instructors in FY10.

The Instructional Programs Program continues to increase the amount of revenue generated by programs. In Spring 10, revenue generated in Instructional Programs increased by 14% from \$8,710 in Spring 09 to \$9,892. In Summer 09, Revenue generated in Instructional Programs increased by 127% from \$1,455 in Summer 08 to \$3,300. The Instructional Programs Program utilizes revenue generated from Red Cross certification classes to fund in-house IMRS student-employee CPR and First Aid certifications.

Intramural Sports

The Intramural Sports Program is one of the most recognized programs with the Department of Intramural/Recreational Sports. The program contributes to the recruitment and retention of university students. The number of students who participated in Intramural Sports during the 2009-2010 academic year was 3,190 male participants and 1,586 female participants combined to total 4,776 one time participants and 12,340 multi-time participants. The program provides over 60 activities of a wide variety with sports such as badminton, racquetball, table tennis, horseshoes, XBOX 360 games and sand volleyball that bring in new and diverse participants from all areas of the University of Arkansas.

As a part of the goal of student development and quality services the Intramural Sports Program implemented the new concept of pre-season tournaments for the major team sports that were officiated. Participation in these inaugural tournaments was as follows: Pre-Season Flag Football 293 students, Pre-Season Co-Rec Flag Football 110 students, Pre-Season Soccer 176 students, Pre-Season Co-Rec Soccer 157 students, Pre-Season Volleyball 33 students, Pre-Season Co-Rec Volleyball 47 students, Pre-Season Basketball 159 students, Pre-Season Softball 241 students and Pre-Season Co-Rec Softball 176 students. The success of these tournaments has encouraged their placement in future programming for the intramural sports program.

The Intramural Sports Program obtained four sponsorship agreements during the 2009-2010 academic year. Intramural Sports became a part of the POWERade College Intramurals Program,

which provided \$1,600 plus equipment for flag football and basketball. The University of Arkansas Bookstore provided \$6,100 that purchased 700 Intramural Sports championship t-shirts. Champion apparel provided \$500 plus team jerseys for 20 teams and sweatshirts for Intramural Sports teams of the week. Quaker State provided \$1,140 plus equipment and prizes for the 3 on 3 flag football tournament.

Outdoor Connection Center

The Outdoor Connection Center (OCC) experienced a dynamic year of programming, increased revenues from the rental center, staff development, evolution of climbing culture, and memories of adventurous trips were made. The OCC remains consistent in offering a variety of programs. In FY10, 62 programs were offered through the OCC to the university community. The Outdoor Connection worked with 19 on and off campus organizations for sponsorships and collaborative programming. The OCC continues to offer diverse programs locally, regionally and nationally. All off campus programs have an educational foundation and focus on preparing students to minimally impact the environment, travel in the backcountry safely, and learn a new recreational activity. The OCC serves the university community in teaching academic classes, volunteering through non-profit and municipal organizations, and presenting at national conferences. In addition to the traditional offered programs and services the OCC also now offers a full service bicycle repair shop to the university community.

The Outdoor Connection Center launched a full service bicycle repair shop in October 2009. In fall 2009, the OCC conducted 68 bicycle assessments. Of the 68 assessments, 32 participants have had service conducted at the bicycle shop. In the spring of 2010 47 assessments have been conducted. Of the 47 assessments, 18 have had service conducted at the bicycle shop. The OCC also has partnered with Transit and Parking, becoming a permitting station. The bicycle shop also allows open stand time. This allows participants to work on their own bicycles utilizing the OCC bike shop tools. Since the opening of bicycle shop in October 2009, 137 and participants have utilized the open stand time.

Special Events

The Special Events Program continues to provide innovative programming options in the HPER Building and across campus. New activities added in FY10 are Campus Fitness Walk, Run at Work Day, RMR Promotions, COEHP Wellness Day, International Students Sports Festival, and Commit to Fit. Special Events participated in five programs emphasizing alcohol alternatives, including HYPE Night, Save a Life Tour, Alternative Tailgate, Dead Day Expo, and Swim Above the Influence. 2,316 people attended these events.

Cooperative programming in FY10 included Women's Health & Fitness Day (Outdoor Connection Center), Alternative Tailgate (Health Center), Wellness Day (Student Alumni Board), Disc Golf (University Programs), Swim Above the Influence (SAE Fraternity and GAMMA), International Sports Festival (Office of International Students), Commit to Fit (Fitness/Wellness Program), and Dead Day Expo (Health Center).

Programs with participation increases in FY10 include HYPE Night, Freezing 5K, and the Martin Luther King, Jr. Celebration. Participation in HYPE Night increased 10% from 1,648 in Fall 08 to 1,816 in Fall 09. Participation in the Freezing 5K increased 15% from 130 in Spring 09 to 150 in Spring 10. Participation in Martin Luther King event increased 38% from 40 in Spring 09 to 55 in Spring 10.

Department of Rehabilitation, Human Resources, and Communication Disorders

The Department of Rehabilitation, Human Resources and Communication Disorders brings together five programs: Communication Disorders (CDIS), Counselor Education (CNED), Higher Education (HIED), Rehabilitation Counseling (RHAB), and Workforce Development (WDED). CDIS, CNED and RHAB provide clinical degrees associated with health and human services. HIED provides degree programs for individuals who seek to work in colleges and universities, while WDED provides degree programs for working individuals who wish to advance their careers in business and non-profit organizations. The department has focused on two initiatives during the 2009-2010 academic year: interdisciplinary scholarship and international education.

Interdisciplinary Scholarship: Educational and research interests are shared by faculty members across the five programs, making RHRC a truly interdisciplinary department. RHAB and WDED share the vision of employing individuals with disabilities; RHAB and CNED work together to serve the needs of students with disabilities; and CDIS and CNED work at the individual level to improve the lives of those with disabilities through therapeutic interventions. While each program has separate degrees, students who complete the CDIS B.S.E. enter the master's and doctoral RHAB programs; students in RHAB incorporate CNED coursework in their degree completion courses; and HIED students make use of WDED coursework.

There are a number of research collaborations within the department, including the following examples: Kim Baker (CDIS), Kristin Higgins (CNED), and Lynn Koch (RHAB) collaborate on Autism and Higher Education; Kate Mamishevishi (HIED) and David Deggs (WDED) collaborate on student outcomes using longitudinal data bases; Fran Hagstrom and Joe Agan (CDIS), Brent Williams (RHAB), and David Deggs and Kit Kacirek (WDED) collaborate on telecommunications to address the distance learning needs of individuals with cognitive differences.

In addition to interdisciplinary efforts within the department, faculty members from all units have formed research partnerships with other units across the campus. Examples follow:

CDIS: Barbara Shadden [Office on Aging, Human-Computer Engineering Lab]; Fran Hagstrom [Virtual Worlds with Computer Science and Software Engineering; Child Welfare Workgroup in Social Work; Health Teams Abroad]

CNED: Judy Stephens [Task Force on Athletics and Education]; Dan Kissinger [Student Athletes]; Rebecca Newgent [NORMS]

HIED: Kate Mamishevishi [International Education]; Jennifer Miles [Student Affairs]

RHAB: Brent Williams [Livable Spaces with Architecture]

WDED: Kit Kacirek [Walton Business College]; Claretha Hughes [Chemistry]

International Education: The degrees offered by the programs in RHRC are attractive to international students because they directly relate to employment. Because the kinds of employment associated with the various degrees are valued worldwide, RHRC attracts visiting scholars from a number of countries. Additionally, programs have recruited international students, such as an Egyptian student in Counselor Education and a Muskie Fellow from Eastern Europe in the Higher Education Program.

International student outreach - CDIS, CNED and HIED all have international students in their degree programs. An international student outreach departmental committee was established this year to facilitate communication and assist in developing a culture of globalization. Dr. Kate Mamishivishee, whose research interest is in international education, is chairing this committee. The Visiting Scholar Program has also been healthy, with two scholars spending time in residence from Mansoura University in Egypt, hosted by the Higher Education Program. Faculty members in CDIS are consulting with faculty in Sri Lanka as that country develops programs in speech-language pathology, and WDED accepted a visiting research scholar from Tianjin University in China.

Program Reviews: Three of the programs in RHRC undergo rigorous review by external professional organizations. All programs, however, must go through the state-mandated Academic Program Review Process.

CDIS, CNED and RHAB provide clinical degrees. Each has a specific mission and articulated set of standards established by professional organizations (e.g., ASHA, CACREP, CORE) that monitor program quality. The annual reports submitted to each of these organizations were accepted indicating that the programs are in compliance with national standards at this time.

WDED provides degree programs for working individuals who wish to advance their careers in business and non-profit organizations. The state mandated Academic Program Review was completed during the year, hosting a team of two nationally prominent leaders in Workforce Development to help conduct the review. The helpful results of the examination have prompted a continued study of the growth of the program and enrollment management.

HIED provides degree programs for individuals who seek to work in colleges and universities. The program was not reviewed this year, but began planning to conduct a self-study in the 2010-2011 academic year. The return of Associate Professor John W. Murry, Jr. to the program faculty adds to the program's ability to offer a broad curriculum, as does the beginning of a tenure-track appointment to Vice Provost for Student Affairs and Dean of Students Daniel Pugh, Sr.

Eleanor Mann School of Nursing

BSN Program

EMSON has made excellent strides to maintain a program of study for nursing that is competitive with other schools not only in Arkansas but also in the nation. Our current National

Council Licensure Examination for Registered Nurses (NCLEX-RN) pass rate for 04/01/2009 through 03/31/2010 is 97.30% for graduates of our program passing on their first attempt. This pass rate is higher than the Arkansas State pass rate of 88.36% and the national rate of 89.91%. Our cohort class graduating in May 2009 received a 100% pass rate and our December class thus far is at 100% (2 student scores are not available at this time).

This success is attributed to implementation of a remediation plan for students who do not pass the standardized testing from Assessment Technologies, Inc. (ATI). Students who do not score at the national average on these tests are enrolled in a 1 credit hour remediation course the following semester and professors from that area work with students to improve their weak areas of knowledge.

Another factor that is felt to have impacted this passing rate is the increased use of master prepared nurses as clinical instructors supervising students during their clinical practicum and maintaining the clinical groups at 8-9 students per clinical instructor.

EMSON had 3 faculty members who participated in the National Council of State Boards NCLEX-RN test writing course. This has strengthened the overall test writing capability within the department.

A Health Resources and Services Administration Nursing Education, Practice and Retention Grant was submitted this year to help fund an increase in enrollment for the BSN program. Award of this grant will be announced by July, 2010.

Active plans for an expansion of enrollment and movement into a new building have been a major focus for EMSON this year. The curriculum committee has been examining how the increased enrollment may impact the curriculum and making plans for a smooth transition with the increased number of students.

Enhancing our program during the spring 2010 semester was Jan Martensson, a visiting professor from Jonkoping University, Sweden. The affiliation agreement with Jonkoping was developed 2 years ago with Dr. Martensson's visit being the first faculty exchange. An undergraduate honors research project was developed between the two institutions during his visit.

EMSON has developed evidence based research cooperation with Washington Regional Medical Center allowing undergraduate honors nursing students to conduct research to improve patient care.

MSN Program

EMSON's MSN-Clinical Nurse Specialist continues to grow. A proposal was submitted to add another concentration for an Educator's option. Due to the shortage of nursing faculty nationwide, this option well situated within our program and college.

The graduate committee has recommended a consolidation of two research courses, addition of a health policy course, consolidation of the health promotion clinical and course, and strengthening the assessment preceptor guided clinical experience to strengthen the current program.

III. SIGNIFICANT ACHIEVEMENTS IN TEACHING, RESEARCH, AND SERVICE

Faculty in the College engage in scholarship that engages their professional communities of both research and practice. This research, teaching, and service combines the development of theoretical research with improving practice in a wide spectrum of educational settings. Much of the work of College faculty is channeled through centers, offices, and specific projects, some of which include:

Arkansas Leadership Academy. Initiated in 1991, the Academy delivers innovative approaches to establish learning communities in public schools, and develops programs for educational leaders, including superintendents, principals, teachers, school board members, and higher education administrators and faculty.

Center for Youth and Children. This Center was funded with a major gift from a private foundation to support research and outreach in literacy and the arts for schools that serve large numbers of poor students.

National Office for Research, Measurement, and Evaluation Systems. The NORMES project provide vital services and data gathering and analysis services to the state of Arkansas and other states and has expanded substantially during the year.

Northwest Arkansas Writing Project. The Northwest Arkansas Writing Project, funded in its 14th year, serves local schools in the area of writing and literacy.

Project Teach Them All. Funded since 2007, the project provides ESL instruction and certification courses for middle school, junior high school, and high school teachers in northwest Arkansas.

Regional Continuing Education Center in Rehabilitation. Delivering programs designed to improve the performance of rehabilitation professionals through educational services, the center conducts workshops, seminars, conferences, training sessions, technical assistance, and consultation to practitioners in Arkansas, New Mexico, Oklahoma, Louisiana, and Texas.

In addition to the work of these centers and projects, faculty in individual departments have been recognized for their work, presented by department below.

Department of Curriculum and Instruction

The Department highlighted the year of work by co-sponsoring several major events, including Arizona Professor Gene Glass' public lecture on educational reform and leadership, the

Enriching Literacy with Arts" conference, the Northwest Arkansas Writing Project, and the English as a Second Language Symposium.

Jennifer Beasley, *Jessie C. Carpenter Endowed Fund recipient*, Curry School of Education, University of Virginia

Freddie Bowles, *Kappa Delta Pi Certificate of Recognition for Outstanding Service and Dedication Award* as a Counselor for the Alpha Beta Chapter

Vinson Carter *The Arkansas Skilled and Technical Sciences (AASTS) Teacher of the Year*

Vinson Carter won the *Donald W. Maley Spirit of Excellence Outstanding Graduate Student Citation* from the International Technology Education and Engineering Association.

Barbara Gartin won the *Burton Blatt Humanitarian Award for 2009* from the Council for Exceptional Children, and she was appointed to the rank of *University Professor*

Cheryl Murphy won the Outstanding On-line Course from the company Blackboard, Inc.

Department of Education Reform

The Department of Educational Reform continued its privately funded lecture series featuring state and nationally known speakers and researchers in the field of education policy. The 2009-10 Lecture Series continued to grow, offering a total of 16 speakers over two semesters and with attendance averaging around 40 per lecture. This year's speakers included Al Lindseth, President of Woodrow Wilson Foundation and former Dean of Teachers College; Paul E. Peterson, Henry Lee Shattuck Professor of Government and Director of Program on Education Policy and Governance, Harvard University; Mike Feinberg, co-founder of KIPP; Terry Moe, William Bennett Munro Professor of Political Science, Stanford University; Gary Compton, Bentonville Public School Superintendent; and Jim Rollins, and Springdale Public Schools Superintendent. The fall semester portion of the series ended on a memorable high note with a visiting speaker, Kevin A. Curtin of the Frost School providing an additional lecture at the Jones Center in Springdale to nearly 100 local educators and administrators on behavioral management strategies. The additional talk, which was the result of collaboration between EDRE and CIED staff member Nick Tschepikow, offered professional development credits for local educators.

In February of 2010, Robert Maranto worked with the King Fahd Center for Middle East and Islamic Studies to organize a lecture by Catherine Warrick, of Villanova University. The talk, titled "A Little Bit Separate, a Little Bit Equal: Women in the Jordanian Parliament," explored the roles of women and democracy in Jordan.

On April 16, the Office for Education Policy (OEP) held its third annual conference in Little Rock, AR which focused on the preparing effective school leaders in Arkansas. The conference featured 10 presenters from school districts around the state, universities, the Arkansas Department of Education, and Arkansas state legislators; and included a keynote address from Arkansas Commissioner of Education, Tom Kimbrell.

In April and May of 2010, at the suggestion of her students in CIED 599v, Sandra Stotsky, along with EDRE staff member Misty Newcomb, organized three forums to discuss national standards. The forums, held in Farmington, Jonesboro, and Little Rock, were attended by audiences ranging

between 50 and 100 educators. Several EDRE PhD students helped with event preparation while also serving as note takers during the talks.

In addition, EDRE faculty members were featured in a variety of national media including *The Washington Post*, *The Wall Street Journal*, *Education Week*, the *Milwaukee Journal-Sentinel*, the *Boston Globe*, and the *New York Times*. Since July 2009, members of the department have presented before such entities as the Indiana State Legislature, the American Educational Research Association, the Southern Economics Association, and the Association for Public Policy and Management

In the spring of 2010, the School Choice Demonstration Project headed by EDRE faculty member Patrick Wolf released the year three results of an evaluation of the Milwaukee Parental Choice Program (MPCP). The release incorporated six new reports including an evaluation of participant achievement gains, switching behavior, and the integration impacts of the program. The year three results have been covered extensively by the *Milwaukee Journal Sentinel*.

Department of Health Science, Kinesiology, Recreation and Dance

The HKRD Department has been successful in developing a number of multi-disciplinary research relationships over the past few years as evidenced by the following:

Paul Calleja has been involved for the past several years in the GK-12 Program funded by the National Science Foundation, and he is to be included in the renewal of that NSF grant. This has given Paul a chance to publish and present research with Greg Salamo in Physics and Ronna Turner; he also continued his involvement with the University of Arkansas' Graduate Teaching Fellows in K-12 Education Program funded by the National Science Foundation

Under the leadership of Ro DiBrezza and Barbara Shadden the Office for Studies on Aging now offers a Certificate in Gerontology

Charles Riggs is a co-investigator with Nursing Professor Nan Smith-Blair on an NIH grant, and laboratory space in the HPL has been set aside to accommodate their research

Heidi Kluess is collaborating with Mahendra Kavdia (Biological and Agricultural Engineering), to develop a protocol for measuring free radicals and nitric oxide in the adventitial layer of isolated arterioles

Gretchen Oliver was awarded \$8,500 from the Women's Giving Circle to support the research she and her students are conducting ("Kinematic and EMG Analysis of Female Softball Catchers")

The Exercise Science faculty have been very involved in mentoring Honors students in both Exercise Science and Biology which has resulted in helping those students secure the \$2650 SURF grants or Honors College grants to support the students' honors research projects.

HKRD faculty served as reviewers for 16 different refereed journals in the areas of faculty expertise during the 2009-10 academic year.

Jeff Bonacci coordinated a video internet conference for sports medicine professionals titled "The Athletic Concussion - Assessment and Return to Play Guidelines"

Jack Kern was selected as one of 35 professors in the US to attend the School Health Education - Higher Education Academy sponsored by the American Cancer Society and the Center for Disease Control at Emory University in Atlanta, Georgia; he was also named "Higher Educator of the Year"

Dr. Heidi Kluess was named as a Fellow of the American College of Sports Medicine and will be recognized at the 2010 ACSM Annual Meeting in Baltimore, MD

Charles Riggs received the UA Gold Medal Award for mentoring and advising undergraduate students in 2009

Department of Intramural and Recreational Sports

With record levels of participation in virtually all sports programs offered, the Department celebrated the many accomplishments of its staff, including:

Jeremy Battjes, Interim Director, served as the Treasurer on the Board of Directors for a local non-profit, Dance Coalition, and served as the State Director for the state of Arkansas for the National Intramural Recreational Sports Association.

Brittany Grinstead, Facility Management, graduated from the Supervisor Development Program

Jennifer Hazelrigs, Assistant Director, Department of Intramural/Recreational Sports, received the State Advocate of the Year Award from the Leave No Trace Center for Environmental Ethics

Griffin McKnight, Accountant, Department of Intramural/Recreational Sports, was selected as the Employee of the Quarter for the first quarter by Staff Senate

Kristin Durant was selected to be on the administration team for the 2010 NIRSA National Championship Series Volleyball Tournament, was appointed to be on the NIRSA work team for the 2010-2011 Volleyball National Championship, appointed to the Sport Professionals Association Treasurer for 2010-2011, obtained a SPIN and American Red Cross Workplace First Aid, CPR, and AED Instructor certification in FY10.

Jennifer Hazelrigs serves as a Board of Director Member for The Bicycle Coalition of the Ozarks as a City of Fayetteville Parks and Recreation Advisory Board Member

Katie Helms was a finalist for a Women's Giving Circle Grant

Scott Dirksen served as an outdoor recreation consultant for Lyon College. As a consultant, Scott assessed and made recommendations to the outdoor education and recreation strategic plan

Janet Walker, Accountant, Department of Intramural/Recreational Sports, received the Employee of the Year Award from Staff Senate

Bill Mock served as the Director of Officials Committee, Arkansas State Flag Football Tournament, Officials Committee, Arkansas State Intramural Basketball Tournament, Director of Officials, Southeastern Conference Quaker State 3 on 3 Flag Football Tournament, Director of the Rules Committee, Southeastern Conference Quaker State 3 on 3 Flag Football Tournament.

Ambre Sheehy obtained a SPIN, Turbokick, and a American Red Cross Workplace First Aid, CPR, and AED Instructor certification, was elected president of the Sport Professionals Association

Joe Sloan served on the Officials Committee, Arkansas State Intramural Flag Football Tournament, the Officials Committee, Arkansas State Intramural Basketball Tournament, the Officials/Rules Committee, National Intramural-Recreational Sports Association Flag Football Regional Tournament, the Officials/Rules Committee, American Collegiate Intramural Sports Regional Basketball Tournament, the Officials Committee, Southeastern Conference Quaker State 3 on 3 Flag Football Tournament, and the Rules Committee, Southeastern Conference Quaker State 3 on 3 Flag Football Tournament.

Alicia Stoll served as the Assistant All-Tournament Committee Director, Arkansas State Flag Football Tournament, the Officials Committee, Arkansas State Intramural Basketball Tournament, the All-Tournament Committee, National Intramural-Recreational Sports Association Regional Football Tournament, the Operations Committee, National Intramural-Recreational Sports Association Regional Football Tournament, the Officials Committee, National Intramural-Recreational Sports Association Regional Basketball Tournament, and the Planning Committee, National Intramural-Recreational Sports Association Region IV Lead On.

The OCC works with various on campus groups through the teambuilding called Fused. Fused focuses on groups experiencing effective communication, trust, conflict management, and fun. The FUSED program of the Outdoor Connection Center conducted 13 programs in FY09 and 15 programs in FY10 (5.4% increase).

During FY10, the Outdoor Connection Center collaborated with 19 on-campus and off-campus organizations and/or businesses for the presentation of outdoor education programs. Those organizations and/or businesses were: Cliff Bar, Mad Rock, Spring International, Pack Rat Outdoor Center, First Year Experience, Uncle Sam's Outfitters, Ozark Society, Leave No Trace, Fayetteville Bicycle Shop, City of Fayetteville Parks and Recreation Department, Arkansas Canoe Club, Arkansas Fish and Game, Arkansas Youth Adventures, Beaver Lake Water District, Hobbs State Park, Devil's Den State Park, Lake Fort Smith State Park, Lewis and Clark Outfitters, and Ozark Natural Foods.

Department of Rehabilitation, Human Resources, and Communication Disorders

The Department began a major interdisciplinary initiative that highlights multiculturalism and collaboration across programs. Using faculty-led teams for research and decision-making, the Department structured a series of information sharing sessions to educate others of opportunities for collaboration.

In addition to contributing to the direction of the Office of Aging and co-hosting a conference on Autism Disorders, courses involved a variety of speakers from around the country, including the presidents of Arkansas Tech University, John Brown University, the University of Arkansas at Fort Smith, and Tulsa Community College.

Larry Aslin won the all-University advising award and was awarded the Outstanding Academic Advising Award by the National Academic Advising Association

David Deggs was elected Division 16: Higher Education Director in the Eastern Educational Research Association and was named to the Rural Community College Alliance Research Panel

Kenda S. Grover was named to the editorial board of the e-Journal of Organizational Learning and Leadership, and her work with ARON was highlighted by the University of Arkansas System's Board of Trustees

Kate Mamiseishvili and Michael Miller's research paper on sabbatical leave programs was named the Chair's Choice at the Association for Institutional Research's Annual Conference

Michael Miller was interviewed by the Chronicle of Higher Education and Insidehighered.org about student plagiarism and the Arkansas Democrat-Gazette on faculty sabbatical leave programs

John W. Murry, Jr. was named Associate Editor of the e-Journal of Organizational Learning and Leadership

Rebecca Newgent received the Herring Researcher of the Year Award from the Arkansas Counseling Association and the Outstanding Individual Achievement Award for Counselor Educators from the Southern Association for Counselor Education and Supervision

Eleanor Mann School of Nursing

The Mann School of Nursing continued record levels of enrollment demand and began to strategically address long-term staff planning. In addition to serving as the largest component of the COEHP Honors Program, complete with STAR grants, faculty were engaged throughout campus in key leadership roles and assumed positions of importance for multiple professional organizations. Some of these appointments included:

Kathleen Barta served on the Planning Committee for 3rd Annual Minority Health Conference
Lepaine McHenry conducted two Kaufman Scholar Camps and served as the Arkansas Virtual Academy Board Vice Chair, Leadership Training Institute of America, Governors Roundtable on Healthcare

Bill Buron received national certification as a Gerontology Advanced Nurse Practitioner and was appointed to the Southern Nursing Research Society's (SNRS) program committee

Marianne Neighbors was appointed as Co-Director of the Wally Cordes Teaching Center and was appointed to by the Governor to Northwest Technical Institute's Board of Directors

Kathleen Barta serves on the editorial review board for *Journal of School Health*

Tom Kippenbrock serves on the editorial review board for the *Journal of the American Academy for Nurse Practitioners*, as a reviewer for the Sigma Theta Tau Internationals 21st International Nursing Research Congress, and as a reviewer for the American Nurses Credentialing Center. He was also elected Treasure of the Northwest Arkansas Education Consortium

Teri Malm was elected Vice President and Program Chair for Sigma Theta Tau- Phi Theta Chapter

Marianne Neighbors serves on the review board for *Nursing Education Perspectives* and was named the Phi Beta Phi Outstanding Teacher and was named an Honorary Member of Golden Key

Nan Smith-Blair serves on the review board for *Journal of Advanced Nursing*, and was elected to Board of Directors of the Southern Nursing Research Society (SNRS) and appointed Director of Development

Carol Agana was named to the Board of Directors of the MedImmune Pharmaceutical Company

Allison Scott was elected Governance Committee Chair of: Sigma Theta Tau International- Phi Theta

IV. ACHIEVEMENTS BY STUDENTS AND ALUMNI

Students

With over 3,600 students, the College of Education and Health Professions is one of the largest on the University of Arkansas, Fayetteville campus. Listed below are a representative sample of awards and achievements by COEHP students:

Charles Alexander (IMRS) was selected to work the Arkansas State Intramural Basketball Tournament and was selected as an All-Tournament Official

Jacquelynn Booker (HKRD), Dean's List, Chancellor's List Fall 2009, First-Ranked Senior Scholar, Honors Program, Chancellor's Scholarship, Phi Kappa Phi. Accepted into Baylor Physical Therapy Program. Will commission into the U.S. Army as a 2nd Lieutenant.

Antonio Brown (HKRD) Recipient of the Rodney Momon Youth Award, 2010 Greek Man of the Year, 2010 Outstanding Council President, National Panhellenic Council, 2010 Up 'Til Dawn Service Award

Chase Bradley (IMRS) was selected to work the Arkansas State Intramural Flag Football Tournament and was selected as an All-Tournament Official and entered training to become a pilot in the U.S. Air Force

Stuart Buck (EDRE) published three research reports, two articles (Education Next and Phi Delta Kappan), two op-ed pieces in newspapers, and made two national presentations

Ethan Carter (IMRS) was selected to work the Arkansas State Intramural Flag Football Tournament and a National Intramural Recreational Sports Association Regional Flag Football Tournament where he was selected as an All-Tournament Official and he also studied abroad in Germany during the Spring semester

Isaac Cook (IMRS) was selected as Club Sports supervisor of the year for the second consecutive year

Scott Dirksen (IMRS), Outdoor Connection Center, accepted a full time job as the Director of Outdoor Education and Recreation at Lyon College in Batesville, Arkansas

Jonathan Edin (IMRS), Facility Management, won the Susan Beasley Finance Scholarship, was an active member in SIFE and Beta Alpha Psi and he also won the Facility Assistant Employee of the Year Runner-Up Award

Keisha Fowler (IMRS), Facility Management, graduated on May 8, 2010, and won the Inspirational Singer of the Year Award and the African American Studies Scholarship

Scott Hyde (IMRS) received Department of History Certification of Academic Excellence, is a member of Phi Alpha Theta Honors History Fraternity, and was Vice President of Member Development for Sigma Phi Epsilon

Lance Jackson (IMRS) Outdoor Connection Center, accepted a full tuition waiver and stipend for Graduate School at University of Massachusetts, Lowell where he will also serve as an outdoor leader and facilitator for the Outdoor Recreation Program. He was also awarded the Outdoor Connection Center Employee of the Year

Brianna Kitchen (IMRS) was Alpha Phi Alpha Outstanding Sophomore Woman in 2010, was SASS - Student Advocating For Stronger Sisterhood - President 2010-2011, was a Student Ambassador in COEHP 2009-2010, and served on the NAACP- Daisy Bates Day Committee

David Keeley (HKRD) received a \$5000 grant from the American College of Sports Medicine to support his biomechanics research

Case Jo Magee (HKRD) Senior Student-Athlete of the Year, 2010 SEC Winter Honor Roll, 2010 Salute to Excellence Award/Razorback Athlete of the Year, 1st Team All-American: All-around, bars, beam, and floor, NCAA individual Finals Gymnastics

Michael McShane (EDRE), published newspaper articles in *The Kansas City Star*, *the Mobile Alabama Press Register*, and *The Birmingham News*

Katelyn Miller (HKRD) Honors Program, Outstanding KINS EXSC Undergraduate Student Award, Summa Cum Laude, Panhellenic Scholarship, Phi Beta Phi Leadership and Nominating Committee, Honors College Scholarship, Honors College Research Grant, Mortar Board, Golden Key, Order of Omega

Jaime Pisani (BSE KINS) 2nd Team All-SEC: Floor, 1st Team All-America: Floor, Vault 2nd Team All-America: All Around, 2010 NCAA Individual Finals, SEC 2010 Winter Honor Roll

James Shuls (EDRE) published two newspaper articles, "Parents deserve choice of sending child to a charter school," and "Will Race to the Top reforms have a lasting effect?"

Kimberly Smith (HKRD) was crowned Miss University of Arkansas

Chase Stoudemire (RHRC) was awarded a student Fulbright Fellowship to spend a year working and studying in the Republic of Georgia

Christopher Thompson (IMRS) accepted a full time position administering fitness programs, youth sports leagues, and adult sports leagues for the city of Lake Jackson, Texas

Jonathan Vogler (IMRS) accepted a full tuition waiver and stipend for Graduate School at Clemson University where he will also serve as an outdoor leader and facilitator for the Outdoor Recreation Program

Alumni

Julia Blanchard (NURS) was hired by Mercy Health System as an advanced nurse practitioner

John Buckwalter (HKRD) was appointed Associate Dean of Research, College of Education, University of Texas, Arlington

Charlie Dyer (NURS) was named one of the "Best Nurses in Arkansas" and is employed at Children's Hospital in the neonatal intensive care unit

Josh Hicklin (HKRD) was named the ArkAHPERD Elementary School Teacher of the Year

Rick McWhorter (HKRD) was appointed Director of Parks and Recreation for the City of Springdale, Arkansas

Penny Pabst (HKRD) was elected the ArkAHPERD Health Educator of the Year

Sean Rochelle (RHRC) was named Associate Director of the Razorback Foundation at the University of Arkansas

Ashley Striegler (HKRD) earned her Doctorate of Physical Therapy from the University of Central Arkansas

Lance Thompson (HKRD) was admitted to the University of Tennessee Health Science Center School of Dentistry

Chad Tidwell (HKRD) was named the Assistant Baseball Coach for the University of New Mexico

Ritter, G. W. (2009, September 30). Doing Randomized Controlled Trials without the Control: Conducting Random Assignment Studies in a Social Context. Presented at the Centre for Effective Education in the School of Education at Queens University, Belfast, Northern Ireland.

Shadden, B. B. (October, 2009). Getting ready for the baby boomers: What do SLPs need to know? Workshop, Midwestern Adult Communication Disorders Group, St. Louis, MO.

Sheehy, A. (2009, December 1). Deskerercise. Lecture presented to College of Education and Health Professions, University of Arkansas. Fayetteville, AR.

Smith-Nix, A. (2009, August). Teaching on-line classes: Avoiding common pitfalls. Presentation at the UA Teaching Camp, Petit Jean, AR.

Stotsky, S. (2009, November 2). How to Improve Beginning Reading Instruction in the Fountain Lake Schools. Presentation to the Fountain Lake Board of Education and its Primary Grade Teachers. Fountain Lake, AR.

Totten, S. (2009, August). The Genocide in Darfur. International Institute for Genocide and Human Rights. The Zoryan Institute, Toronto, Canada.

Totten, S., Beardsley, B. (2009, August). The Post-Genocide Situation in Rwanda. The Zoryan Institute. Toronto, Canada.

Totten, S. (2009, August). Genocide in the 20th Century. Canadian Center for Genocide Education, workshop for teachers. Toronto, Canada

Totten, S., King, Ida. (2009, September). Genocide in Darfur. Richard Stockton College of New Jersey, Pomona, NJ.

Totten, Sam. (2009, November). Commemoration of Kristallnacht. Richard Stockton College of New Jersey, Pomona, NJ.

Wolf, P. J. (2009, July 8). New Research on School Vouchers in DC and Milwaukee. Guest Lecture, Notre Dame University, South Bend, IN.

Wolf, P. J. (2010, April 7). The Comprehensive Longitudinal Evaluation of the Milwaukee Parental Choice Program: Summary of Third Year Reports. Presentation at the LaFollette School of Public Policy, University of Wisconsin, Madison, WI.

Other Lectures, Papers, and Presentations

Adams-Blair, H.R., & Oliver, G. D. (2009). *Implementation of a core stability program in physical education classes of elementary school children*. Presented at the Physical Education Teacher Education Conference, Myrtle Beach, SC.

Aldrich, T., Moiseichik, M., & Oliver, G. D. (2010). *Paddlesport Entanglement Safety Tools: Effectiveness and Efficiency in Knives and Shears*. Presented at the National Conference on Outdoor Leadership, Estes Park, CO.

Amey, M., & Miller, M. T. (2009). *Leading the changing department: The evolution of department chairs*. Association for the Study of Higher Education Annual Conference, Vancouver, Canada

Baghurst, T. M., Hart, M. A., Clark, J., & Calleja, P. C. (2010). *Power in presenting, precision in presiding; Strategies for success*. Presented at the American Alliance for Health, Physical Education, Recreation, and Dance annual conference, Indianapolis, IN.

Baker, K. F. (2009). *Social Perceptions & Executive Functions of Adolescents with ASD*. Poster presented at American Speech, Language, and Hearing Association Convention, New Orleans, LA.

Baker, K., Higgins, K., Koch, L., & Greene, A. (2009). *An interdisciplinary needs assessment of individuals on the autism spectrum*. American Speech Language Hearing Association Convention. New Orleans, LA.

Baker, K.F. & Nyberg, J. (2009). *Social Skill Interventions for Females with Asperger's Disorder*. Paper presented at the Arkansas Speech, Language, and Hearing Association Convention, Hot Springs, AR.

Barber, K.B., Keeley, D.W., & Oliver, G. D. (2009, December). *Fatigue of the gluteus maximus and gluteus medius in relation to pelvic kinematics in baseball and softball pitching*. Presented at the 4th Annual RAZOR Fitness Sports Medicine Symposium, Fayetteville, AR.

Barta, K. Neighbors, M., & Lloyd M. (2009). Heart to Heart with Mothers and Daughters: Focus on Breast Health; presented at Sigma Theta Tau International Conference, Indianapolis, IN

Benton, G. M. (2010). *Wearing four hats: Interpretation's effectiveness in achieving multiple goals*. Presented at the National Association for Interpretation International Conference, Townsville, Australia.

Benton, G. M. (2010). *Lake Fort Smith re-opening interpretive boat tour*. Presented at the Arkansas Recreation and Park Association State Conference, Fort Smith, AR.

Benton, G. M. (2009). *Doing it right: Successful elements in Lake Fort Smith's State Park boat tour*. Presented at the National Association for Interpretation National Conference, Hartford, CT.

Bershears, C., Holaway-Johnson, C.A. Stegman, C. E. & Mulvenon, S. W. (2009). *Arkansas best practices study: high schools*. American Educational Research Association, San Diego, CA.

Bishop, K.A., Oliver, G. D., & Keeley, D.W. (2009, December). *The effects of a basketball season on the kinetics of functional movement in NCAA Division I basketball athletes*. Presented at the 4th Annual RAZOR Fitness Sports Medicine Symposium, Fayetteville, AR.

Brown, J.L., Buss, B.L., Bushong, J.R., and DiBrezza, R. (2009). *Wholesome HAWGs: A low eight-week weight-loss based work-site employee wellness program*. Proceedings, Central States ACSM.

Booker, J.M., Oliver, G. D., Stone, A.J., & Keeley, D.W. (2009). *A kinematic and EMG analysis of drop landing in military boots*. Presented at the 4th Annual RAZOR Fitness Sports Medicine Symposium, Fayetteville, AR.

Bowles, F. (2009). *Connect or Disconnect: Meeting the needs of teacher candidates in foreign language education*. Arkansas Association of College Teacher Educators, Lake DeGray, AR.

Bowles, F., (2009). *Writing poetry to speak out for self*. American Council on the Teaching of Foreign Languages, San Diego, CA.

Bowles, F., Magnetti, B., & Turner, J. (2009). *Childhood memories: Speaking out for little "c" culture*. American Council on the Teaching of Foreign Languages, San Diego, CA.

Bowles, F., & Novotny, K. (2009). *Speaking out for native speakers: A new program in Arkansas*. American Council on the Teaching of Foreign Languages, San Diego, CA.

Bowles, F., & Sandvan, M. (2009). *It's not a Mystery! Teacher candidate assessment from their students' point of view*. Arkansas Association of Teacher Educators, Conway, AR.

Bowles, F., Pearman, C., & Lefever-Davis, S. (2009). *Peer evaluation as a formative process*. Association of Teacher Educators, Reno, NV.

Boughfman, E., Higgins, K., & Finkus, T. (2009). *Dazed and Confused. Perscription Drug Abuse in Teens*. Arkansas Counseling Association Fall Conference, Fort Smith, AR.

Bradley-Engen, M., & Kissinger, D.B. (July, 2009). Community re-entry service utilization and recidivism among offenders with behavioral health disorders: A call for agency and research partnerships. Presented at the Arkansas Behavioral Health Institute Annual Conference, Hot Springs, AR.

Buron, B. (2010). Promoting personhood among nursing home residents. Paper presentation at Sigma Theta Tau-Phi Theta /Eleanor Mann School of Nursing Annual Research Conference.

Buron, B. (2009). Promoting personhood among nursing home residents living with dementia. Paper presentation at the Gerontological Society.

Buron, B. & Dies-Averette, S. (2009). *Utilizing the Personhood Model for Dementia Care to identify and organize person-centered (PCC) interventions*. Poster presented at the Southern Nursing Research Society Annual Conference, Baltimore MD.

Calleja, P. & Kern, J.C. (2010). *Playing from the same sheet of music: Aligning the university supervisor and mentor teacher internship expectations*. Presented at the National Association for Kinesiology and Physical Education in Higher Education annual conference, Scottsdale, AZ.

Collins, K. M. T., Leech, N. L., Jiao, Q. G., Onwuegbuzie, A. J. (2010). *A mixed research investigation of trends in the gifted education literature*. Annual conference of Southwest Educational Research Association, New Orleans, LA.

Collins, K. M. T. (2010). *Introducing an inclusive sampling model for conducting mono-method and mixed research studies*. Annual meeting of the American Educational Research Association, Denver, CO.

Collins, K. M. T. (2010). *Three-component sampling model applicable in mono-mixed research studies*. Annual conference of Southwest Educational Research Association, New Orleans, LA.

Collins, K. M. T., Onwuegbuzie, A. J., & Johnson, R. B. (2010). *A framework for assessing legitimation in mixed research*. Southwest Educational Research Association, New Orleans, LA.

Collins, K. M. T., Onwuegbuzie, A. J., Leech, N. L., Bustamante, R. M., & Combs, J. P. (2010). *Qualitative analysis techniques for the review of the literature*. Southwest Educational Research Association, New Orleans, LA.

Costrell, R. M. (2009). *Teacher pension incentives and distribution of benefits in Indiana*. Report presented at NCTAF Indiana Project Advisory Committee Meeting, Indianapolis, IN.

Costrell, R. M. (2009). *The case for economics in the college curriculum*. Remarks for ACTA Press Conference: What Will They Learn? National Press Club, Washington, DC.

Costrell, R. M. (2009). *Teacher response to pension system incentives: Evidence from Arkansas*. Presentation to Regional Education Lab Southwest Forum: Educator Staffing, Quality, and Teacher Retirement Systems, Dallas, TX.

Counce, M.C., Stone, A.J, Evanson, K.W., & Kluess, H. A. (2009). *ATPase activity in rat tail artery*. Presented at the Central States Chapter of the American College of Sports Medicine Annual Conference, Columbia, MO.

Deggs, D., & Machtmes, K. (2009). *What determines student persistence in ABE and GED classrooms?* Paper presented at American Association of Adult and Continuing Education. Cleveland.

Deggs, D., & Miller, M. (2009). *Entrenched expectations of rural communities: Impediments for college attendance*. Paper presented at The Delta Poverty, Education, and Economic Development: A Forum on the Future of the Delta Region. Helena-West Helena, AR.

Deggs, D., & Weaver, S. W. (2009). *Independent and self-directed learning: Pathways for the lifelong learner*. Paper presented at 2009 Council for Adult and Experiential Learning Conference. Chicago.

Denny, G. S., Stotsky, S., & Tschepikow, N. (2009). *Academic gains in single-sex classrooms in Arkansas in 2008-2009*. National Association for Single-Sex Public Education, Atlanta, GA.

Denny, G., Donnelly, J., & Young, M. (2009). *Evaluating school health education programs: Developing a base of evidence*. American Public Health Association, Philadelphia, PA.

Dittmore, S. & Durant, K. (2010). *Congressional Hearings and the BCS: Using Public Choice Theory to Explain the Interest of Politicians in College Football*. Presentation at College Sport Research Institute, Chapel Hill, NC.

Dittmore, S. W., & Durant, K. L. (2010). *Congressional hearings and the BCS: Using public choice theory to explain the interest of politicians in college football*. Presentation at the Scholarly Conference on College Sport, Chapel Hill, NC

Dittmore, S. W., Crow, C. M., & Fields, T.E. (2010). *Property rights in the age of digital media: Exploring the legal and practical impacts of restricting content usage*. Abstract presented at the Fourth Summit on Communication and Sport, Cleveland, OH.

Dunn, K. E., Lo, W., Johnson, C. A., & Sutcliffe, R. (2009). *Examining teacher beliefs: The development and validation of the Teacher Beliefs about Teaching Knowledge survey*. American Psychological Association; Toronto, Canada.

Dwelly, P., Oliver, G. D., Adams-Blair H.R., Keeley, D.W., & Hoffman, H. (2009). *Improved muscle activation in performing a functional lunge compared to the traditional squat*. Presented at the XXVII International Society of Biomechanics in Sports Conference, Limerick, Ireland.

Evanson, K.W., Stone, A.J., & Kluess, H. A. (2009). *Dipeptidyl peptidase IV activity in skeletal muscle conduit and resistance vessels*. Presented at the Central States Chapter of the American College of Sports Medicine Annual Conference, Columbia, MO.

Farley, R. C. (2009). *Arkansas Board of Examiners in Counseling Requirements*. Arkansas Counseling Association Annual Conference, Ft. Smith, AR.

Forbess, J. & Catron, P. (2009). *Motivating students*. Symposium conducted at the University of Arkansas Wally Cordes Teaching and Faculty Support Center Teaching Retreat, Petit Jean, AR.

Fort, I., & Gay, D. (2009). *Rubrics*. UA Department of Social Work Retreat, Fayetteville, AR.

Gaines, A., Turner, L. W., & Hunt, S. B. (2010). *Fruit and vegetable intake among children: Social cognitive theory applications*. Poster session presented at the annual meeting of the American Alliance of Health, Physical Education, Recreation and dance, Indianapolis, IN.

Gartin, B. C., & Kirkpatrick, R. (2009). *The CEC-Pioneers Mentoring Project*. Arkansas Council for Exceptional Children 2009 Annual Conference, Hot Springs, AR.

Goering, C. Z., & Jolliffe, D. A. (2010). *The Arkansas Delta Oral History Project: Theorizing, practicing, and researching a literacy sponsorship initiative*. International Reading Association's World Congress, Auckland, New Zealand.

Goering, C. Z., Jolliffe, D. A., Jones, K. & Meacham, M. (2010). *Literacy sponsorship: A multi-year, multi-school outreach and research project in the rural Arkansas Delta*. Annual Convention of the International Reading Association, Chicago, IL.

Goering, C. Z., & Neal, R. (2010). *In perfect rhythm: Literacy and music*. Arts and Literacy Integration Conference, Springdale, AR.

Goering, C. Z., & Baker, K. M. (2009). *Social context of a struggle: Tenth-graders engaged in oral reading fluency in an intervention setting*. In research roundtable Supporting Literacy Development of Struggling Readers and Writers. Annual Convention of the National Council of Teachers of English, Philadelphia, PA.

Goering, C. Z., Sitomer, A., Oertel, S. E. (2009). *Making the classroom pop: Teaching literature and literacy skills through music*. Annual Convention of the National Council of Teachers of English, Philadelphia, PA.

Goering, C. Z., Stotsky, S., Jolliffe, D. A., Applebee, A. N. (2009). *The teaching of literary and non-literary works in ninth, tenth, and eleventh grade English classes in Arkansas*. Annual Convention of the National Council of Teachers of English, Philadelphia, PA.

Goering, C. Z. (2009). *Personal narrative or literature study: Creating soundtracks with students*. Florida State University Writing Project Summit, Tallahassee, FL.

Goering, C.Z., & Baker, K.F. (2009). *Social context of a struggle: Tenth-graders engaged in oral reading fluency in an intervention setting*. In research roundtable *Supporting Literacy*

Development of Struggling Readers and Writers. Paper presented at the meeting of the Annual Convention of the National Council of Teachers of English, Philadelphia, PA.

Gorman, D., Esslinger, K., & Grimes, A. (2010). *How much do you really know about science?* Paper presented at Arkansas for Gifted and Talented Education Conference, Little Rock, AR.

Greene, J. P., Mills, J. N., & Buck, S. (2010). *The Milwaukee Parental Choice Program's Effect on School Integration.* The School Choice Demonstration Project, University of Arkansas, Research Advisory Board, Fayetteville, AR.

Grimes, A., & Gorman, D. (2010). *Negative reinforcement as an incentive shows no significant improvement in course grade.* Paper presented at Hawaii International Conference on Education, Honolulu, HI.

Hagstrom, F. & Baker, K.F. (2009). *Building Undergraduate Research Across the Disciplines.* Poster presented at American Speech, Language, and Hearing Association Convention, New Orleans, LA.

Hagstrom, F., Henry, L. J., Shadden, B. B., & DiBrezza, R. (2009). *An Examination of Salivary Cortisol Sampling Protocol for Assessing Impact of Caregiving?* Poster presented at the Annual Convention of the Gerontological Society of America, San Francisco, CA.

Hagstrom, F., McGehee, M., Burgett, R., & Hobbs, C. (2009). *Technology and intervention with normal and atypically developing children.* American Speech-Language-Hearing Association, New Orleans, LA.

Hall, J., Oliver, G. D., & Stone, A.J. (2009). *The effects of different shoulder stretching protocols on range of motion.* Presented at the 4th Annual RAZOR Fitness Sports Medicine Symposium, Fayetteville, AR.

Hammig B. J., Childers E., & Jones, C. (2010). *Epidemiology of emergency department visits for injuries associated with riding lawn mowers, United States, 2002-2007.* Presented at the American Public Health Association Annual Meeting, Philadelphia, PA.

Hammig B. J., & Henry L.J. (2009). *Pediatric injuries associated with the use of children's wagons in the United States, 2002 through 2007.* Presented at the American Public Health Association Annual Meeting, Philadelphia, PA.

Han, G.S., Nash, M., Miller, K.C., & Riggs, C.E. (2009). *Exercise, sex hormones, and fatty acid oxidation in mice with long chain Acyl-CoA deficiency.* Central States Chapter of the American College of Sports Medicine, Columbia, MO.

Harris, M. & Buron, B. (2009). *Promoting successful gerontological nursing research through innovative mentoring strategies.* Poster presented at the annual meeting of the Southern Nursing Research Society, Baltimore, MD.

Hazelrigs, J., Martin, A. & Taylor, W. (2009). *The Rio Grande: Trips for Beginners to the Seasoned Student Travelers*. A presentation at the Association of Outdoor Recreation and Education National Conference. Minneapolis, MN.

Hazelrigs, J., & Bartlett, L. (2010). *Developing a Bicycle shop within Campus Recreation*. A poster presentation at the National Intramural Recreational Sports Association National Conference. Anaheim, CA.

Henry, L. J., & Dewald, L. (2010). *Bullying in academia: Not just in the school yard anymore*. Presented at the American Alliance of Health, Physical Education, Recreation, and Dance, Indianapolis, IN.

Henry, L. J., Ferguson, A. J., & Miller, B. G. (2010). *Spirituality and the older worker*. Presented at the Association for Gerontology in Higher Education, Reno, NV.

Henry, J., Shadden, B, DiBrezza, R., & Fort, I. L. (2009). *An examination of salivary cortisol sampling protocol for assessing impact of stress on caregivers*. Presented at the Gerontological Society of America, National Meeting, Atlanta, GA.

Henry, L. J. (2009). *Body image and older women: Not invisible anymore*. Presented at the Gerontological Society of America annual meeting, Atlanta, GA.

Hewitt, P. & Tavano, J. (2009). *Generation X teacher leaders and the principalship: How they view the demands of time and stress*. National Council of Professors of Educational Administration, San Antonio, TX.

Higgins, K., & Boughfman (July 2009). *Understanding Self-Injurious Behavior*. American School Counseling Association Conference, Dallas TX.

Hoffman, H., Oliver, G. D., Keeley, D.W., Barber, K., & Dwelly, P. (2009). *The relationship between gluteal activity and pelvic kinematics during the windmill softball pitch*. Presented at the XXVII International Society of Biomechanics in Sports Conference, Limerick, Ireland.

Holt, C. R. Range, B. G., & Pijanowski, J. (2009). *The perceptions of primary grade teachers and elementary principals on the effectiveness of grade level retention: A case study*. National Council of Professors of Educational Administration Conference, San Antonio, TX.

Keeley, D., & Oliver, G. D. (2010). *Model predicting shoulder compressive force during baseball pitching*. Presented at the South Central American Society of Biomechanics, Texas Woman's University, Denton, TX.

Keeley, D.W., & Oliver, G. D. (2010). *Kinematic comparison of two delivery styles in high school baseball pitchers*. Presented at the American College of Sports Medicine Annual Meeting, Baltimore, MA.

Keeley, D., & Oliver, G. D. (2009). *Predicting lower extremity strength deficits in college students using common field power tests*. Presented at the Central States Chapter of the American College of Sports Medicine, Columbia, MO.

Keeley, D.W., Oliver, G. D., Dwelly, P., & Hoffman, H. (2009). *A kinematic comparison of the youth pitching motion across prepubescent and pubescent pitchers*. Presented at the XXVII International Society of Biomechanics in Sports Conference, Limerick, Ireland.

Keeley, D.W., Oliver, G. D., Dwelly, P., & Hoffman, H. (2009). *A kinematic description of the post pubescent windmill softball pitching motion*. Presented at the XXVII International Society of Biomechanics in Sports Conference, Limerick, Ireland.

Keeley, D.W., Oliver, G. D., Dwelly, P., Hoffman, H., & Dougherty, C.P. (2009). *Relationships between hip and shoulder rotation during baseball pitching*. Presented at the XXVII International Society of Biomechanics in Sports Conference, Limerick, Ireland.

Kern, J. C., Calleja, P., & Hunt, S. B. (2009). *Pathwise and Praxis for dummies*. Presented at the Arkansas Association for Health, Physical Education, Recreation, and Dance Conference, Eureka Springs, AR.

Kern, J.C. & Calleja, P. (2009). *Professional development for physical education teachers*. Poster session, Physical Education Teacher Education Conference, Myrtle Beach, SC.

Kern, J. C. & Newman, J. (2009). *Promoting classroom discussion*. Presented at the UA Teaching and Faculty Support Center Teaching Retreat, Russellville, AR.

Kippenbrock, T. (2009) *Electronic web spreadsheets support scheduling task* (Oct, 2009). Presented at the 2009 International Nursing Administration Research Conference.

Kippenbrock, T. (June, 2009). *Google docs: Better than a paper clinical schedule*. Presented at the UAMS Nurse Educator Conference.

Kissinger, D.B. (2009). Cultural and clinical implications of poverty. Presented to masters level students in multicultural counseling course in the Rehabilitation Counseling Program.

Kissinger, D.B. (2009). Diversity in the workplace. Presented to masters level students in HIED 5173 (Individual and Group Management Skills) at the University of Arkansas, Fayetteville. Fayetteville, AR.

Kissinger, D.B. (2009). Mood disorders: Implications for athletic trainers. Presented to KINS 5483 (Medical Conditions in Athletic Training) at the University of Arkansas, Fayetteville.

Kissinger, D.B. (2009). *Personal and career counseling issues of persons with traumatic brain injury*. Roundtable presented at the 2009 Association for Counselor Education and Supervision conference. San Diego, CA.

Kissinger, D.B., & Abo Hamza, E. (2009). *Understanding and serving international students from a wellness paradigm*. Poster presented at the 2009 Association for Counselor Education and Supervision conference. San Diego, CA.

Kissinger, D.B., & Antin, K. (2009). *Understanding forgiveness: Counseling implications and applications*. Presented at the 64th annual Arkansas Counseling Association conference, Fort Smith, AR.

Kluess, H. A., Stone, A.J., & Evanson, K.W. (2009). *Purinergic neurotransmission in skeletal muscle arterioles*. Presented at the Arkansas Biosciences Institute Fall Research Symposium, Jonesboro, AR.

Lewis, A.N., Armstrong, J., & Koch, L. (2009). *Gender, Race, and Disability: Allegations of Employment Discrimination and Implications for Practice*. NCRE/RSA/CSAVR Conference, Washington, DC.

Machtmes, K., Deggs, D., Fox, J. (2009). *Learning about qualitative research through service-learning*. Paper presented at American Educational Research Association 2009 Annual Meeting, San Diego.

Mamiseishvili, K., & Rosser, V. J. (2009, November). *Effects of employment on persistence of low-income, first-generation college students*. Paper presented at the annual meeting of the Association for the Study of Higher Education (ASHE), Vancouver, Canada.

Marx, A., & Moiseichik, M. (2010, March). *Using a video assignment to teach elements of recreation and sport law*. Presented at the Sport and Recreation Law Association, Albuquerque, NM.

Mayes, S. & Smith-Nix, A. (2009). *So you think you dance cha-cha?!* Presented at the meeting of the Arkansas Association of Health, Physical Education, Recreation and Dance, Eureka Springs, AR.

Michaelides, M., Parpa, K., Henry L.J., Thomson B., & Brown B. (2009). *Firefighter's coronary calcium as determined by electron beam computed tomography*. Presented at the Central States American College of Sports Medicine annual conference, Columbia, MO.

Miles, J. M., & Miller, M. (November 2009). *Are you voting today? Student participation in self-government elections*. Annual meeting of the Mid-South Educational Research Association, Baton Rouge, LA.

Miles, J. M., & Murry, J. W. (November 2009). *Conducting effective and interactive legal training for student affairs administrators and professional staff: How to design and implement an effective legal training program*. Annual meeting of the Mid-South Educational Research Association, Baton Rouge, LA.

Miller, B., & Calleja, P. C. (2009). *Increasing student participation*. Presented at the University of Arkansas Teaching Camp, Mount Petit Jean, AR.

Miller, K. C., Nash, M., Han, G. S., & Riggs, C. (2009). *The effects of ovariectomy on cardiac function in female mice with LCAD enzyme deficiency*. Presented at the Central States Chapter of the American College of Sports Medicine, Columbia, MO.

Miller, M. T., Kawulich, B., Shannon, D., Ross, M., & Hadley, W. (2010). Qualitative research: Getting your work published. Annual Meeting of the Eastern Educational Research Association, Savannah, GA.

Miller, M., Nadler, D., & Modica, J. (2010). Organizational performance through staff governance: Improving shared governance in higher education. Research paper presented to the Annual Meeting of the Eastern Educational Research Association, Savannah, GA

Miller, M., Nadler, D., & Miles, J. M. (October 2009). Organizational performance through staff governance: Improving shared governance in the higher education environment. Paper presentation at the Seventh Annual National Society of Shared Governance, Chapel Hill, NC.

Modica, J., Morris, A., & Miller, M. T. (2010). National profile of athletics in private community colleges. Research paper presented to the Annual Meeting of the Eastern Educational Research Association, Savannah, GA.

Moiseichik, M. (2009). First Amendment and its effect on parks and recreation: Religion and speech. Presented at the National Recreation & Parks Association Conference, Salt Lake, UT.

Moiseichik, M., & Young, S. (2010). *Skateboard parks and the legal ramifications of policy*. Presented at the Sport and Recreation Law Association, Albuquerque, NM.

Maranto, R., Milliman, S., & Wood, W. (2010).

An Analysis of Arizona Data. Presentation at the annual meeting of the Southern Political Science Association, Atlanta, GA.

Maranto, R. & van Raemdonck, D. C. (2010). *The Educational Industrial Complex*. Presentation at the annual meeting of the Southern Political Science Association, Atlanta, GA.

Modica, J. L., & Mamiseishvili, K. (2009, November). *African American faculty in the academy: Has significant progress occurred yet?* Paper presented at the annual meeting of the Mid-South Educational Research Association (MSERA), Baton Rouge, LA.

Murry, J., Breaux, A., Deggs, D., & Miller, M. T. (2010). Sharing the legacy: Reflections of exemplary community college presidents. Presentation at the 52nd Annual Meeting of the Council for the Study of Community Colleges, American Association of Community Colleges, Seattle, WA.

Newgent, R. A., (September 2009). *Evaluating the effectiveness of a psychosocial education intervention group for bullied and problem-behaved elementary school children: The PEGS Program*. Presented at the Association for Assessment in Counseling and Education Conference, Norfolk, VA.

Newgent, R. A., Davis Jr., H., Maldonado, J. M., Paladino, D. A., & Higgins, K. K. (October 2009). *Tips for applying for counselor education faculty positions*. Presented at the Association for Counselor Education and Supervision Conference, San Diego, CA.

Newgent, R. A., & Higgins, K. K. (October 2009). *A psychosocial education and prevention program: Does the Bully Busters program enhance transformative changes?* Paper presented at the Association for Counselor Education and Supervision Conference, San Diego, CA.

Nyberg, J., Baker, K.F. (2009). *Social Cognitive Training & Asperger's Syndrome: A Case Study*. Poster presented at American Speech, Language, and Hearing Association Convention, New Orleans, LA.

O'Brein, J.E., Dwelley, P., & Oliver, G. D. (2010). *Lack of relationship between shoulder and hip range of motion changes in division-I baseball pitchers*. Presented at the National Athletic Trainers' Association Annual Meeting, Philadelphia, PA.

Odell, E. & Barta, K. (2009). *Teaching BSN students the importance of using evidence-based practice*. Poster presentation, 36th Annual National Conference on Professional Nursing Education and Development, Transforming Curricula and Lifelong Learning for Quality and Safety.

Odell, E. (2009). *A Senior Synthesis Best Practice Project: A Collaborative Teaching Effort*. Poster presentation at the Nurse Educator Institute (refereed).

Oliver G. D. (2010). *The baseball and windmill softball pitch: Pitching mechanics and injury prevention from the lower extremity to the upper extremity*. Presented at the National Athletic Trainers' Association Annual Meeting, Philadelphia, PA.

Oliver, G. D. (2009). *Athletic pubalgia*. Presented at the Southwest Athletic Trainers' Association Annual Meeting, Arlington, TX.

Oliver, G. D., & Perkey, D. (2009). *Biomechanics of the windmill softball pitch*. Presented at the Arkansas Alliance of Health Physical Education, Recreation and Dance Annual Meeting, Eureka Springs, AR.

Oliver, G. D., Dwelley, P., Keeley, D.W. & Hoffman, H. (2009). *Examination of gluteal muscle firing and kinetics of the lower extremity during the windmill softball pitch*. Presented at the XXVII International Society of Biomechanics in Sports Conference, Limerick, Ireland.

Oliver, G. D., Dwelly, P., Keeley, D.W. & Hoffman, H. (2009). *Upper extremity and core muscle firing patterns during the windmill softball pitch*. Presented at the XXVII International Society of Biomechanics in Sports Conference, Limerick, Ireland.

Orr, B. (2009). *Becoming a Visionary Thinker: Using the SWOT Analysis*. International Conference on Education and Information Systems, Technologies and Applications, Orlando, FL.

Pair, B. F., Moore, C. S., & Dittmore, S. W. (2010). *Paying for wins: An examination of football non-conference game scheduling by BCS schools, 1994-2009*. Presentation at the Scholarly Conference on College Sport, Chapel Hill, NC.

Park, S. C. (2009). *Bringing the world into the social studies curriculum*. National Council for the Social Studies Annual Conference, Atlanta, GA.

Park, S. C. (2009). *Challenges in teaching for social justice*. National Council for the Social Studies Annual Conference, Atlanta, GA.

Park, S. C., Ishida, C. H., & Choi, Y. J. (2009). *Using global literature in the social studies classroom*. National Council for the Social Studies Annual Conference, Atlanta, GA.

Park, S. C., Newton, K., Ora, S., & Shields, C. (2009). *Her stories in U.S. history: Using women's biographies in teaching U.S. History*. National Council for the Social Studies (NCSS) Annual Conference, Atlanta, GA.

Pijanowski, J. C. & Brady, K. (2010). *Protecting academic programs in times of economic crisis: Evidence from California's public school districts*. Annual Meeting of the American Educational Research Association, Denver, CO.

Perkey, D., & Oliver, G. D. (2009). *Anatomical and biomechanical considerations for the overhead throwing athlete*. Presented at the Arkansas Alliance of Health Physical Education, Recreation and Dance Annual Meeting, Eureka Springs, Arkansas.

Plummer, H.A., Oliver, G. D., & Keeley, D.W. (2009). *Kinematic comparison of pre-pubescent & post-pubescent softball catchers*. Presented at the 4th Annual RAZOR Fitness Sports Medicine Symposium, Fayetteville, AR.

Plummer, H., Oliver, G. D., & Keeley, D. (2010). *Quantitative sEMG description of upper extremity muscle activation during baseball pitching: Pre fatigue & fatigue*. Presented at the South Central American Society of Biomechanics, Texas Woman's University, Denton, TX.

Plummer, H., Oliver, G. D., & Keeley, D. (2010). *Comparison of shoulder kinetics across two delivery styles in high school baseball pitchers*. Presented at the American College of Sports Medicine Annual Meeting, Baltimore, MA.

College and School Faculty Awards

College Faculty Awards

Innovative Teaching, Kathleen Barta
Significant Research, George Denny and Gary Ritter
Outstanding Advising, Carlton Holt
Superior Service, LaVonne Kirpatrick
Rising Star, Ketevan Mamiseishvili and Gretchen Oliver
STAR, John Pijanowski
Faculty Career, Marianne Neighbors

Service Awards

10 Years of Service

Gary Ritter
Susan Lamp
Phil Gerke
Jeff Bonacci
Felicia Lincoln
Carol O'Connor
Joyce Patrick

20 Years of Service

Carrie Whitmer
Sherrie Starkey
Sharon Hunt
Mary Ann Toner

30 Years of Service

Carol Agana

40 Years of Service

Jack Devore

Departmental Faculty Awards

Curriculum and Instruction

Outstanding Advisor, Carlton Holt
Outstanding Researcher, George Denny
Outstanding Teacher, Betsy Orr
Outstanding Service, LaVonne Kirkpatrick

Rising Star Award, Wen-Juo Lo
Faculty Star Award, John Pijanowski
Faculty Career Award, Mounir Farah

Eleanor Mann School of Nursing

Outstanding Research, Bill Buron
Outstanding Advising, Kathleen Barta & Tom Kippenbrock
Outstanding Teaching, Bettie Miller
Outstanding Service, Lepaine McHenry

Health Science, Kinesiology, Recreation, and Dance

Outstanding Teacher, Angie Smith-Nix
Outstanding Advisor, Merry Moiseichik
Outstanding Researcher, Gretchen Oliver
Outstanding in Service, Susan Mayes
Outstanding HKRD Faculty Member, Ro DiBrezza

College Staff Awards

Outstanding Service to Students, Denise Bignar and Griffin McKnight
Outstanding Service to Faculty and Staff, Virginia Hill
Outstanding Service to Staff, Nina Mitchell Taylor
Outstanding Overall Performance to Faculty, Staff, and Students, Betty Parsons and Gailda Page

Appendix 2

Student Honors and Awards

Presidential Scholar

Stephanie Moore

Henry G. and Stella Hotz Award

Outstanding Sophomore, Colin Calico

Outstanding Junior, Cara Cameron

First-Ranked Senior Scholars

Jacquelyn Booker

Tara Diebold

Bentley Kirkland

Patricia Lopez

Honors Program

Gracen Armendariz

Jeanne C. Miller, Arkansas Rehabilitation Services, \$106,329
Merry Moiseichik, City of Batesville, \$12,134
Sean W. Mulvenon, Arkansas Department of Education, \$817,727
Marianne Neighbors, Arkansas Science and Technology Authority, \$2,025
Gretchen Oliver, Arkansas Department of Higher Education, \$2,025
Gretchen Oliver, Arkansas Biosciences Institute, \$74,620
Charles Riggs, Arkansas Department of Higher Education, \$2,650
Barbara B. Shadden, Arkansas Department of Higher Education, \$2,025

Nan Smith-Blair, Arkansas Department of Higher Education, \$2,650
Nan Smith-Blair, Arkansas Department of Higher Education, \$2,650
Charles Stegman, Springdale Public Schools, \$28,100
Charles Stegman, Springdale Public Schools, \$96,495

Federally Funded Projects

Kathleen Barta, Department of Health and Human Services, \$2,991
Cari George, Department of Education, \$425,000
Carri George, Department of Education, \$153,699
Heidi Kluess, National Institutes of Health, \$55,762
Jeanne C. Miller, Department of Education, \$109,632
Jeanne C. Miller, Department of Education, \$832,684
Janet Penner-Williams, US Department of Education \$287,892
Brent T. Williams, Department of Education, \$149,999
Brent T. Williams, Department of Education, \$149,999

Private/Other Funded Projects

Melissa Castell, Association for Institutional Research, \$9,215
Ro DiBrezza, Cobb-Vantress, \$48,872
Christian Z. Goering, National Writing Project, \$50,000
Jeanne C. Miller, George Washington University, \$53,402
Gretchen Oliver, American College of Sports Medicine, \$5,000
Nan Smith-Blair, American-Scandinavian Foundation, \$25,000

Appendix 5

Academic Accreditations

Arkansas State Board of Nursing

American Speech-Language-Hearing Association

College Programs are accredited by the following agencies:

Commission on Accreditation of Allied Health Education Programs

Commission on Accreditation of Athletic Training Education

Commission on Collegiate Nursing Education

National Council for Accreditation of Teacher Education

Council for Accreditation of Counseling and Related Educational Programs

Council on Rehabilitation Education

Appendix 6

Intramural and Recreational Sports Enrollment

- The Intramural Sports Program participation for Faculty/Staff participation increased from 42 to 63 or (33.3%)
- Table Tennis Singles participation increased from Fall 2008 to Fall 2009, 45 participants to 52 participants or 16%
- Co-Rec Basketball participation increased from 297 participants to 378 participants or 27%
- Co-Rec Soccer participation increased from 367 participants to 507 participants or 38%
- Co-Rec Tennis participation increased from 8 participants to 14 participants or 75%
- Racquetball Doubles participation increased from 20 participants to 36 participants or 80%
- Table Tennis Doubles participation increased from 18 participants to 33 participants or 83%
- Co-Rec Racquetball participation increased from 11 participants to 22 participants or 100%
- Co-Rec Sand Volleyball participation increased from 97 participants to 107 participants or 10%
- Co-Rec Wallyball participation increased from 15 participants to 18 participants or 20%
- Dodgeball participation increased from 248 participants to 316 participants or 27%
- Co-Rec Kickball participation increased from 90 participants to 145 participants or 61%
- The Outdoor Connection center offered 62 programs this fiscal year with an increase of 7% in participation in the offered programs in comparing fall 2010 to fall 2009 (fall 2010 had 2,797 participants and had 2,381 participants in fall 2009)
- The Outdoor Connection increased the climbing and bouldering wall participation by 5% from FY09 (FY09 had a total of 4,552 climbers and FY10 had a total of 5,229)

Appendix 7

Chairs, Professorships, Distinguished Professorships, University Professorships and Lectureships

Chairs and Professors

Parks Family Endowed Professorship in Science and Technology Education
Bill McComas, University of Iowa

21st Century Chair in Education Reform
Jay P. Greene, Harvard University

21st Century Chair in Accountability
Robert Costrell, Harvard University

21st Century Chair in Education Policy
Gary W. Ritter, University of Pennsylvania

21st Century Chair in Teacher Quality
Sandra Stotsky, Harvard University

21st Century Chair in Leadership
Robert Maranto, University of Minnesota

21st Century Chair in School Choice
Patrick Wolf, Harvard University

University Professors

Ro DiBrezza, Texas Women's University
Barbara Gartin, University of Georgia
Richard Roessler, Claremont University
Tom E. C. Smith, Texas Tech University
