TABLE OF CONTENTS

Secretary's Report and Financial Statement.................................................................2
Program...............................................................................................................................11

FEATURE ARTICLES
JENNIFER A. AKIN and RICHARD L. MEYER: Examination of the Cell Wall of Micrasterias Radiosa var Radicosa (Conjugatophyceae) by Transmission and Scanning Electron Microscopy..........................................................17
EDWIN S. BRAITHWAITE and WILFRED J. BRAITHWAITE: Curing a Summing Error That Occurs Automatically When Fitting a Function to Binomial or Poison Distributed Data....................................................................................................................22
THOMAS M. BUCHANAN, CHAD HARGRAVE, DREW WILSON, L.G. CLAYBROOK and PHILLIP W. PENNY, JR.: First Arkansas Records for Bigscale Logperch, Percina macrolepida Stevenson (Pisces: Percidae), with Comments on Habitat Preference and Distinctive Characters...............................................................28
CHRISTINE A. BYRD and W.J. BRAITHWAITE: Examination of the Cell Wall of Micrasterias Radiosa..................................................................................................................66

GENERAL NOTES
BRADON KEMP, DR. ROBERT ENGELKEN, ARIF RAZA, IMRAN KHAN and CHRIS BARBER: Improved Methods for Electroplating Cadmium Sulfide Thin Films..................................................................................79
MATTHEW T. MOORE, C.D. MILAM and J.L. FARRIS: Reference Sediment Selection in the Lower Mississippi Delta..................................................84
JOSEPH R. PENOR, ALVAN A. KARLAN and GARY A. HEIDT: Distribution of Baird's Pocket Gopher (Geomys bairdii) in Arkansas with Additional County Records.................................................................91
KENDA S. GLORES: Techniques for Radiotracking and Biotelemetry of Coolwater Sport Fish in Norfork Reservoir, Arkansas .............................................55
GARY A. HEIDT, DOUGLAS A. ELROD and V.R. McDANIEL: Biogeography of Arkansas Mammals with Notes on Species of Questionable Status 60
MOSTAFA HEMMATI and STEVEN YOUNG: Wave Profile for Proforce Current Bearing Waves.........................................................66
MARTIN J. HUSS: Application of a Modified Ziehl-Neelsen's Carbol-Fuchsin Stain for Observing Nuclei in Vegetative Hyphae of the Puffball Species Lycoperdon pyriforme..................................................70
DAVID M. JAMIESON and STANLEY E. TRAUTH: Dietary Diversity and Overlap Between Two Subspecies of Spadefoot Toads (Scaphiopus holbrookii and S. h. hortulanus) in Arkansas..................................................75
BRADON KEMP, DR. ROBERT ENGELKEN, ARIF RAZA, WASIM ALEEM, IMRAN KHAN and CHRIS BARBER: Improved Methods for Electroplating Cadmium Sulfide Thin Films..................................................................................79
MATTHEW T. MOORE, C.D. MILAM and J.L. FARRIS: Reference Sediment Selection in the Lower Mississippi Delta..................................................84
JOSEPH R. PENOR, ALVAN A. KARLAN and GARY A. HEIDT: Distribution of Baird's Pocket Gopher (Geomys bairdii) in Arkansas with Additional County Records.................................................................91
WHITNEY R. POSEY, JOHN L. HARRIS and GEORGE L. HARP: New Distributional Records for Freshwater Mussels in the Ouachita River, Arkansas 96
ARIF RAZA, DR. ROBERT ENGELKEN, BRANDON KEMP, IMRAN KHAN, WASIM ALEEM and CHRIS BARBER: Electrodeposition of Copper Indium Sulfide Films from Organic Solutions.............................................................99
HENRY W. ROBISON and GENE LEEDS: Distribution and Natural History Aspects of the Arkansas Endemic Crayfish, Cambarus causeyi Reimer .....................................................105

GENERAL NOTES
JENNIFER A. AKIN and RICHARD L. MEYER: The Desmids (Conjugatophyceae) from Arkansas..................................................................................110
VINCENT A. COBB and JEFF A. SUMMERHILL: A One-Year Study of the Species Diversity and Relative Abundance of Snakes and Lizards in the Jack Mountain Region of Hot Spring and Garland Counties, Arkansas 120
DANIEL L. MARSH and TIMOTHY A. GOLDEN: Plantain Sunflower (Helianthus occidentalis subsp. plantagineus) in Arkansas.............................................131
CHRIS T. MCCALLISTER and STANLEY E. TRAUTH: Ultrastructure of Cepedietta virginiensis (Protista: Haptophytaidae), from the Goll Balder of the Pickeral Frog, Rana palustris, in Arkansas..................................................133
SCOTT M. MINOR, RUSSELL O. NORDEEN and CHAD E. PASCALL: Partial Characterization of Bacteriophages of Pseudomonas syringae pv. Tomato..................................................................................................................137
JAMES C. PETERSON, FARON D. USREY, WILLIAM E. KEITH and JAMES A. WISE: A Recent Record of the White Sucker, Catostomus commersoni, in the White River System, Arkansas................................................................141
AMY E. SCOTT and TODD WIEBERS: Observational Learning in Sable Ferrets (Mustela putorius furo)..............................................................................143
STANLEY E. TRAUTH: Subspecific Recognition of Arkansas Ringsnake Snakes (Dipsadophis punctatus)........................................................................145
RENN TUMILSON and SHARON CLARK: Microorganisms Associated with the Carapace and Plastron of Aquatic Turtles (Pseudemys concinna and Trachemys scripta) in Southwestern Arkansas.................................................................148
RENN TUMILSON and CREED TUMILSON: A Survey of the Fishes in Streams Draining the Jack Mountain Area, Hot Spring and Garland Counties, Arkansas, with Notes on the Ouachita Madtom (Noturus lachneri)........................................................................................................153
