TABLE OF CONTENTS

Secretary's Report and Financial Statement .................................................. 1

Program ........................................................................................................... 4

ARTHUR V. BROWN and JANET P. RICKER: Macroinvertebrate Utilization of Leaf Detritus in a Riffle of the Illinois River, Arkansas .................................................. 4

ARTHUR V. BROWN and MARK D. SCHRAM: Leaf Detritus Processing in an Ozark Cave Stream .................................................. 10

TOMMIE CRAWFORD and MIKE FREEZE: Wild Commercial Fishery of Arkansas .................................................. 14

MARY BECK and PEGGY RAE DORRIS: A Continuation of Spider Research in Arkansas: East Central Ozark Mountain Area .................................................. 17

JERRY LIN FARRIS and GEORGE L. HARP: Aquatic Macroinvertebrates of Three Acid Bogs on Crowley's Ridge in Northeast Arkansas .................................................. 20

RICHARD A. FRIETSCHE: The Warmwater Fish Community of a Cool Tailwater in Arkansas .................................................. 23

WYNDAL M. GOODMAN and ALBERT E. OGDEN: A Preliminary Investigation of Ground-Water Occurrence in the Atoka Formation of Pope and Faulkner Counties, Arkansas .................................................. 26

LINDA A. LEE and HARVEY E. BARTON: Soil Traversing Arthropod Populations as Sampled by Pitfall Traps in Sunflower and Three Adjacent Habitats in Northeast Arkansas .................................................. 31

LELAND F. MORGANS and ALAN M. JOHNSON: Physiological Studies of Heat Stress Acclimation During a Specific Exercise Regimen .................................................. 38

STEWART B. PECK and JAMES H. PECK: Invertebrate Fauna of Devils Den, a Sandstone Cave in Northwestern Arkansas .................................................. 39

F. DON PETTY and ARTHUR V. BROWN: Leaf Processing in a Slough of an Ozark Stream .................................................. 42

HENRY W. ROBINSON and KENNETH L. SMITH: The Endemic Flora and Fauna of Arkansas .................................................. 46

SAMUEL R. ROTHERMEL, WYNDAL M. GOODMAN, JULIE L. WANSLOW, JAMES MUSGROVE, DARYLL SAULSBERRY and ALBERT E. OGDEN: Reconnaissance of the Bedrock Aquifers and Groundwater Chemistry of Crawford, Franklin, and Sebastian Counties, Arkansas .................................................. 49

WAIL M. SIAG, JEAN MATCHETT and JOE M. JONES: Effects of Various Treatments on the Rats of Immune Complexes Containing Antigens of MuLV Leukemia Virus .................................................. 52

STEPHEN B. SMITH: Effects of Water Released From Stratified and Unstratified Reservoirs on the Water Quality .................................................. 55

STEPHEN B. SMITH: Water Quality and Benthic Invertebrate Communities in Lake Greeson Tailwater .................................................. 58

RENN TUMILSON, MARK KARNES and ANTHONY W. KING: The River Otter in Arkansas. II. Indications of a Beaver-Facilitated Commensal Relationship .................................................. 60

ANGELO TURTURRO, NARENDRA P. SINGH, JOHNNY BAZARE, JR. and RONALD W. HART: Blood Levels of 5-Bromo-2'-Deoxyuridine in Intraperitoneal Infusion for Determination of Fnger Chromatid Exchange Induction Using HPLC .................................................. 63

ROBERT WRIGHT and DONALD CULWELL: Early Stages of Prairie Restoration on a 1.5 Hectare Field in Faulkner County, Arkansas .................................................. 65

PETER P. BRUSSOCK III and ARTHUR V. BROWN: Selection of Breeding Ponds by the Ringed Salamander, Ambystoma annulatum .................................................. 68

STANLEY L. CHAPMAN, D. LEROY GRAY and DENNIS W. KING: Water Chemistry of Farm Ponds in Arkansas .................................................. 71

ROBIN HAETTEN, MARGARET MCGUINNESS and GASTON GRIGGS: Dark Repair of Lethal Damage Induced in a Hybrid Mammalian Tissue Culture Cell Line by Ultraviolet Light .................................................. 77

LAWRENCE W. HINCK and MYRA B. FINCH: Protective Immune Responses of Rabbits to Ascariis suum Larval Antigens .................................................. 80

V. RICK MCDANIEL: Status of the Small-FOOTED Bat, Myotis leibii leibii, in the Southern Ozarks .................................................. 83

CHRISTOPHER F. MOYER and KEN FRITSCHIE: Stratigraphy of a Pennsylvania Deltaic Sequence in Russellville, Arkansas .................................................. 85

ALBERT E. OGDEN, JAMES R. MUSGROVE and LISA MILLIGAN: Reconnaissance of the Ground-Water Resources in Independence and Jackson Counties, Arkansas .................................................. 88

ALAN D. PRICE, V. RICK MCDANIEL and RENN TUMILSON: An Infestation of the Bat Bug Cimex pilosellus on an Arkansas Population of Big Brown Bats (Eptesicus fuscus) .................................................. 90

J. H. RETTIG: Seven Significant Vascular Plant Records for Arkansas .................................................. 93

EDWARD L. RICHARDS: New and Interesting Plants for the Arkansas Flora from Northeastern Arkansas .................................................. 96

WALTER R. ROBISON: An Overwintering, Feeding Study of Channel Catfish in Cages .................................................. 99

WALTER R. ROBISON and SCOTT H. NEWTON: Effect of Stacking Density on Channel Catfish Growth, Survival and Food Conversion Efficiency in Cages .................................................. 102

MARK D. SCHRAM: New Records for Troglobitic Asellids from Northwest Arkansas .................................................. 105

LISA SMITH and JAMES M. MCGUIRE: Host Reactions and Physical Properties of Four Isolates of Tobacco Ringspot Virus .................................................. 108

RONALD A. SMITH and V. RICK MCDANIEL: A Two Year Comparison of the Winter Food Habits of Mink (Mustela vison) from Deltaic Northeast Arkansas .................................................. 110

RONALD A. SMITH and EARL L. HANEKINK: Analysis of Regurgutated Short-Eared Owl (Asio flammeus) Pellets from the Prairie in Arkansas County, Arkansas .................................................. 113

HUBERT B. STROUD: A Locational Analysis of Recreational Subdivisions in the United States .................................................. 116

GEORGE H. WAGNER, KENNETH F. STEELE and DOY L. ZACHRY: Sr/Mg Ratios of Pennsylvanian Limestone Units in Northwest Arkansas .................................................. 119
