GUIDELINES FOR AUTHORS

Eligibility of publication in the *Proceedings* is limited to those papers which have been presented at the annual meeting by one of the authors. In addition, at least one of the authors must be a member of the Academy except that the Editorial Board is authorized to accept articles for publication from invited speakers. In all cases manuscripts must be presented to the section chairmen at the time of the reading of the paper. The Editorial Board reserves the right to edit, shorten, or reject any papers submitted to it. In general, all submitted papers will be reviewed by persons competent in the area of study.

Manuscripts should be clearly typewritten, double spaced throughout, with the format followed being that of a commonly used journal in the area of study. Illustrations may be used but special care should be exercised to insure that drawings and photographs are of the highest quality. Such illustrations should be properly proportioned to fit the *Proceedings* page and lettering should be large enough to be legible upon size reduction. Manuscripts will normally be limited to ten (*Proceedings*) pages with pages in excess of this being charged to the author at cost. In addition, authors may be expected to bear charges arising from exceptional typesetting or illustration.

The Editor will inform authors of the arrangements for ordering reprints and of the cost of reprints at the time that corrected page proofs are prepared.
