This Arkansas Academy Annual Meeting report is brought to you for free and open access by ScholarWorks@UARK. It has been accepted for inclusion in *Journal of the Arkansas Academy of Science* by an authorized editor of ScholarWorks@UARK. For more information, please contact scholar@uark.edu, uarepos@uark.edu.

INSTRUCTIONS FOR CONTRIBUTORS TO THE PROCEEDINGS

All members who present papers at regular meetings of the Academy are eligible to submit their papers for publication in the Proceedings. **Such papers should be turned in to the Section Chairman at the time of the meeting.** The Editorial Board will be glad to consider all manuscripts submitted, but reserves the right to edit, shorten, or reject any papers which, for any reason, are judged by the Board either not appropriate or not within the scope of the activity of the Academy. When any question arises with the Board itself, papers will be referred to specialists in the proper field.

Manuscripts should be clearly typewritten, double-spaced throughout with a margin of at least one inch on each side. Manuscripts should normally be limited to ten (Proceedings) pages. Any pages in excess of this number will be charged to the author at \$10.00 per page. Any extra printing costs arising from excessive numbers of tables or complex tables will be charged to the author at cost.

Title should be followed by author's name and location, including firm, school, or other connection, and city.

Explanatory footnotes should be set into the manuscript following the passage to which they refer, but separated from the text by a line above and below the note, or they may be placed at the end of the paper with the references.

Abbreviations should follow leading journals in the particular field covered by the paper.

Literature cited should be listed at the end in alphabetical order by authors and/or numbered consecutively. Reference in the text then will be by authors or by these numbers placed in parenthesis at the point of reference in the text.

Acknowledgments may be put in as a footnote to the title.

Tables and/or charts should be on separate sheets and their position in the text clearly indicated. Suitable explanation should accompany each table or chart even when further explained in the text.

A summary, wherever appropriate, should follow the text.

Illustrations may be used. Line-drawings in black India ink should be used wherever possible. Any typing on line-drawings should be clearcut and black with no strikeovers. If several drawings or figures are used, they should be grouped as conveniently as possible and numbered consecutively. If a pho-

Arkansas Academy of Science Proceedings

tograph or photographs will add clarity to a paper, one page of such illustrative material will be permitted per manuscript. Photographs in excess of the one page limit will be charged to the author at cost. Due to the page size of the Proceedings, in most instances three photographs will be the maximum number allowed per page, and it is preferred that the number be confined to two. Line-drawings and photographs should be of proportions suitable for reduction to fit the page size of this journal. Photographs should be submitted unattached with the captions typed upon a manuscript sheet.

Reprints. Orders for reprints should be sent to the Managing Editor (or Publisher) along with corrected proof.
